

JESSICAH *and* **KEVIN**

our journey to adoption

ABOUT US

Kevin is an operations manager for an industrial company, and Jessicah is a homemaker and stay at home mom. We met 14 years ago, and we were instantly drawn to each other; it felt like we knew each other our whole lives. We have been married for over nine years now, and our love has only grown stronger. We truly are best friends and have so much fun together, never taking life too seriously and always joking around. We both strive to enjoy life to the fullest through the ups and downs life throws our way; we are so thankful for every day. We love to watch football and to have barbecues with friends. We also enjoy doing projects around the house, gardening, and cooking. After we enjoy dinner at the table, we settle in for the evening on our couch to watch one of our favorite shows or movies.

OUR HOME & PETS

We live in a three-bedroom, two-bathroom home in a very family-friendly neighborhood. Our house backs up to a big park with a play area and basketball court. We knew it would be a perfect home to raise our family in. We have a fenced-in backyard with a gate leading into the park, two large garden beds we love to plant in the summer, and neighborhood barbecues with all the families. The community we live in is always hosting fun events for families to enjoy, so there is always something fun and exciting to do. We have a beautiful black lab who loves children. She is so amazing with our son.

what led us to adoption

We struggled for over 6 years before we were blessed with our son who is going to be the best big brother. We were always interested in adoption, so it was an easy choice to move forward in that direction to hopefully grow our family we have dreamed of. We have so much love in our hearts to give, and we are very excited for the adoption journey. We would love nothing more than to have another baby we can shower with all the love we have to give. We are so thankful for the opportunity adoption gives us to have another child.

OUR FAMILY AND *traditions*

We both come from very loving families. We love to go visit them and always have a great time enjoying each other. Jessica was raised by an amazing set of parents and has two older brothers; her dad and one of her brothers are looking down from heaven now and are so proud. Kevin was also raised by an amazing set of parents who have been married for over 38 years. He has two younger sisters. We also have lots of nieces, nephews, aunts, uncles, and cousins.

We are very close with our family, and they are so happy and excited for us; we are lucky to have so much support. Your baby will know an endless amount of love from us and our family. We are so looking forward to passing on some of our favorite traditions, from the big Thanksgiving feast, driving around looking at Christmas lights, family Easter egg hunts, and Fourth of July celebrations. We can't wait to create new traditions with your baby.

We are lucky to also be surrounded by a great group of friends and their kids whom we consider family. We always have big barbecues together with tons of kids running around having fun.

Should you choose us, we will honor you throughout your child's life by telling them how they came to be a part of our family and how brave and selfless you were. We know considering an adoption plan isn't easy, and we will never stop honoring you and making sure they know how strong you are for going through this journey and blessing us with your beautiful baby.

We are so thankful for you considering us to raise your precious child. We will always be there for them and will be so proud. We will guide and love them endlessly. We cannot wait to play catch in the yard, teach them how to ride a bike, or encourage anything they strive to learn. We absolutely love being parents and we look forward to watching our children grow and learn together. We are lucky to live in a great place with lots of parks and trails that we are so excited to enjoy with them. We have so much time and love to share with another child.
