

MICAH AND SCOTT

OUR LIFESTYLE

We met through a mutual friend several years ago and have been inseparable ever since. From the start, we felt an easy connection and a shared sense of joy that has only grown stronger with time. Just three months after meeting, we took our first trip together to Hawaii, and we have loved exploring the world side by side ever since.

One of our favorite places is our home in Florida, just five miles from Disney World, where we make lasting memories as a family. We also enjoy boating on the lake, skiing in the winter, walking our dogs, and dreaming about the future together.

Scott owns dance studios and finds deep fulfillment in teaching and mentoring young dancers. Micah works from home in the finance world and enjoys the challenge and reward of his career.

We welcomed our daughter Clara in October 2022. She fills our days with laughter, wonder, and love. We are so excited to grow our family again and watch her become the most caring big sister.

OUR HOME & NEIGHBORHOOD

We purchased our home on a lake in the town where Scott owns one of his dance studio and have kept busy with DIY projects! Our spacious home is the hotspot for gatherings and is nestled between four family-friendly parks. After our daughter was born, we convinced Scott's sister and parents to move here, so we are now sandwiched between them, each about a half mile away! The town we live in is not too big or small, which makes it feel cozy and friendly without missing out on restaurants, great school programs, or shopping. Between the lake, movie theater, and local festivals, there is never a dull moment! When you think of a Wisconsin lake town- especially in the summer- that's exactly what our charming town is like. We also have two dogs: Berniece, a miniature dachshund, and Harold, a standard poodle. They are quite the pair to watch play and are also anxiously awaiting another brother or sister!

OUR FAVORITE ADVENTURES

Micah never flew on a plane until he was 18, so it feels especially meaningful that our daughter Clara has already been on over 100 flights by the age of two and a half. From skiing in Colorado at just four months old to exploring Italy and Greece at six months, she has experienced a world of adventure from the start. Whether we are flying overseas or spending peaceful summers in northern Wisconsin, we love making memories together.

Some of our favorite moments happen close to home. We spend many evenings swimming at our favorite neighbor's house, who just happen to be Clara's grandparents. These simple traditions are just as special to us as our biggest trips.

We both come from more humble beginning: Scott from a large family, Micah from a blue-collar background. That has shaped how we care for our own family. We began investing in real estate to give our children a strong foundation and a future full of opportunity. We even bought a home near Disney World shortly after Clara was born, because to us, she truly is our little princess. We cannot wait to share these adventures with another child.

OUR FAMILY AND FRIENDS

Family is everything to us. Scott has four sisters he is very close to, and Micah has one brother. Both of our families live nearby and are deeply involved in our lives. Grandparents, aunts, uncles, and cousins are all excited for the chance to welcome your child with open arms and so much love.

Scott grew up in a creative, artistic home filled with music, dance, and laughter. Everyone played an instrument or performed in musicals. He now shares that same joy with our daughter Clara, singing songs, dancing in the living room, and making sock puppets. He looks forward to bringing your child into that fun and imaginative world too.

Micah was raised in a home where learning and trying new things were encouraged. He and his brother played sports, joined clubs, and were always exploring something new. He hopes to help your child discover their own passions and support them in everything they do.

If you choose us, your child will grow up surrounded by a close, loving family who will celebrate who they are and support who they are meant to become.

LIFELONG
ADOPTIONS

OUR LETTER TO YOU,

We know this journey is not easy. The path to adoption is filled with emotions, and while we experience our own hopes and uncertainties, we cannot begin to imagine the depth of strength and love it takes to consider an adoption plan. Please know that we see you. We honor the courage behind your decision, and we are so grateful that you are taking a moment to read our story.

Becoming parents has been the greatest joy of our lives. Our daughter is now two and a half, and watching her grow has filled our days with laughter, wonder, and so much love. She is silly, curious, and full of life. She cannot wait to become a big sister. The bond we already share as a family is something we treasure, and we know in our hearts that there is room for even more love.

If you choose us, your child will grow up surrounded by that same unconditional love and joy. They will have a big sister to share adventures with, parents who cheer them on every step of the way, and a home where they are celebrated for exactly who they are. We promise to nurture their dreams, guide them with compassion, and give them every opportunity to explore the world with confidence and curiosity.

Most importantly, your child will always know how deeply they are loved- by us, and by you. We are thinking of you with so much respect and hope. Thank you for considering us to be part of your child's journey.

With Love,

Micah & Scott
