## ABOUT US

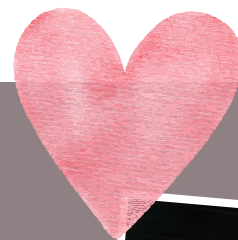

We have been together for five years and married for three years. We met online in 2018 but actually worked at the same company for a year together. We started dating and hit it off right away. We got our first apartment together, and along came our black Lab, Doc. A year later, we got married. We then bought our first house in 2021. In the fall of 2021 we got our second dog, a Great Dane named Max. We both have great careers we enjoy. Tanner works for an insurance company and can be described as compassionate and has a lot of empathy for others. Stacy is a nursing home administrator who can be described as hardworking and full of life. When we are not working, you can find us hanging out with friends or family. We look forward to having a child to include in all of our fun with friends and family.

## OUR HOME + PETS

We live in Iowa and moved into our beautiful home two years ago. Our home has three bedrooms, one and a half baths, a fenced-in yard, and lots of neighborhood kids. We are located less than a block away from the elementary school. We also have a lot of different parks, bike trails, sports complexes, and other amenities. We love to take our two big puppies on walks and to the dog parks nearby. There are always laughs with the puppies, and they always keep us on our toes. Our Great Dane will always be ready to snuggle with kids, and our black Lab is always ready for a great game of fetch.

## *what led us to adoption*

Tanner has always worked in different aspects of human services prior to his current work. He has always had a big heart for children, especially having one of his own. Stacy has always wanted to be a mom. She loves being surrounded by nieces and nephews and knew she wanted to add one to the pack. We have had trouble conceiving a child and decided to plan to grow our family through the miracle of adoption. We have seen the beauty of adoption from friends who have grown their families. We know we have a loving and stable home to raise a beautiful child in. We are excited for this new journey to grow our family.

**TANNER**

**OCCUPATION:** Financial services

**EDUCATION:** Bachelor's degree

**RACE:** Caucasian

**SUBJECT IN SCHOOL:** Math

**BOOK:** Of Mice and Men

**STACY**

## *our family + traditions*

We love to be with family. We have a lot of traditions with both sides of our family that always keep us together. Birthdays and Christmas are huge on Tanner's side of the family, whereas Stacy's side likes to take camping trips and values family time.

Tanner has one sister. They grew up in a rural town in Iowa. His family loves baseball and enjoys attending games in the summer. They also like football, and we try to go to a couple of those games together too. Tanner's family can always be found laughing together and playing board games. They're always open and loving with one another and have a fantastic bond.

Stacy grew up in a rural town in Iowa too. Stacy has two half-sisters and a brother and sister through adoption. Stacy's family can always be found at nieces or nephews' activities, and with eleven of them, they always keep us on our toes. Stacy's family is strong and supportive. They are willing to listen, offer a helping hand, and celebrate any accomplishments anyone might have.

*expectant mother*

To A Loving Mother,

Thank you so much for considering us to love your baby. We know this is a difficult time for you. The strength and courage it must take to consider adoption for your beautiful, precious baby amazes us. What you are doing is a brave, commendable, and selfless act of kindness. Life is hard, and a decision like this can be even harder. We are here to support you in whatever decision you make and want what is best for you and your child. Please know we are praying for you and your baby no matter what you decide.

If we are privileged to adopt your baby, we will love and treasure this baby as our own. The baby's safety, happiness, and well-being are our priorities, and we will cherish them no matter what. We will fill their life with joy and unconditional love at all times. We want to create an environment in which your child will have the ability to thrive and grow into the wonderful person they are meant to be. We will teach them about life, happiness, and love! If chosen, you can rest assured your child will be cared for and loved by two committed and supportive parents.

We want to thank you for considering us and for taking time to get to know us. We would be delighted to get to know you, your story, and how we fit into your adoption journey.

With love,

*Tanner + Stacy*
