about us

We first met at a Gay/Straight Alliance meeting during our final year of college. We bonded as friends sharing a passion for justice in our world. We spent more and more time together, and shortly after graduating, we started dating! Sixteen years later, we are so thankful to share this amazing life together. We live in the beautiful mountains of North Carolina, where Logan is a priest in the Episcopal church. Corey is a voice teacher and opera singer who loves sharing her love for singing by helping her students find their own unique voice. Corey enjoys gardening and being creative. She's a master organizer and enjoys reading and journaling. Logan finds his outlets through practicing photography, weightlifting, and working on puzzles. Much of our family lives close by, so we spend time with them regularly. We love to go on hikes together and end our day walking our pup, Remy.

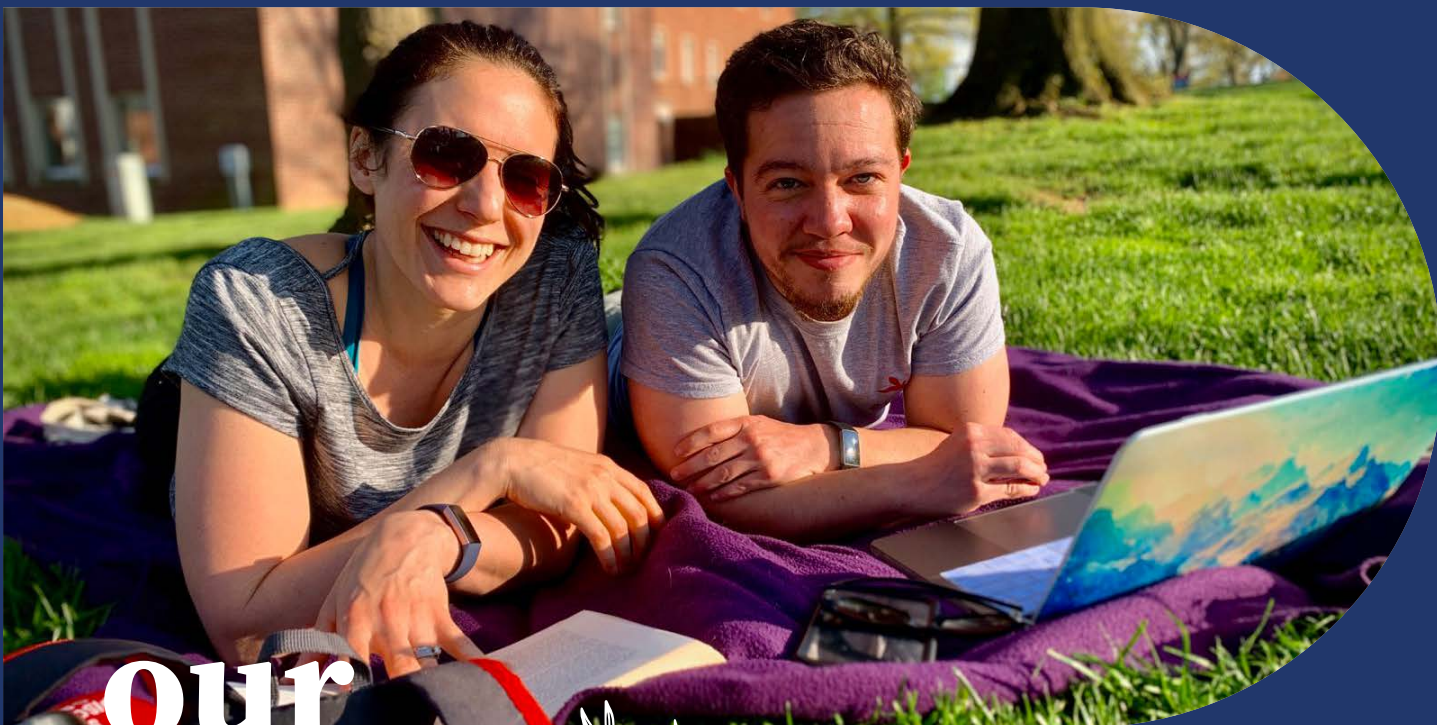

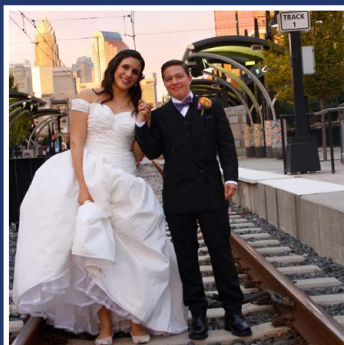

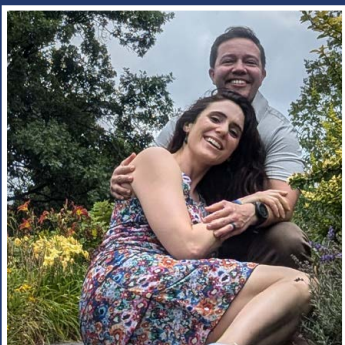

our home + pets

Our home is unique and located near the church where Logan works. It is a short drive to the downtown area of our friendly small town but far enough to appreciate the quietness of the country. Our home sits up on a hill where we can watch the sunrise each morning and watch as it sets over the ridge of our neighbor's horse pasture and dairy farm. Our neighbors are friendly, and we take care of one another. Our home is filled with cuddly fur babies: Remy, Cooper, and Madison. Remy is an energetic and lovable boxer. Cooper and Madison (our cats) think themselves to be the real bosses of the house. They are senior kitties, so we let them believe what they want!

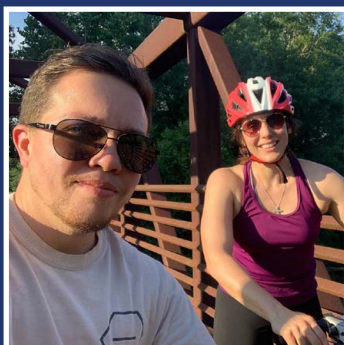

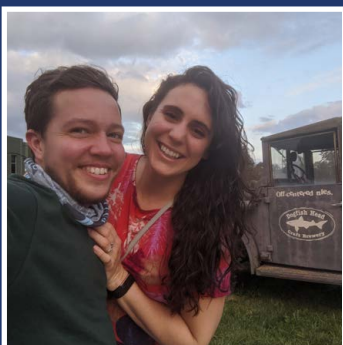

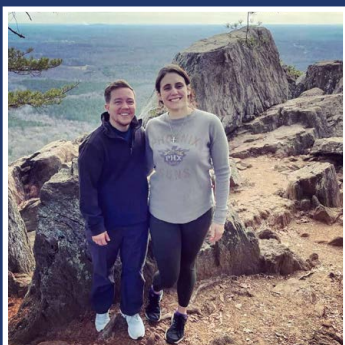

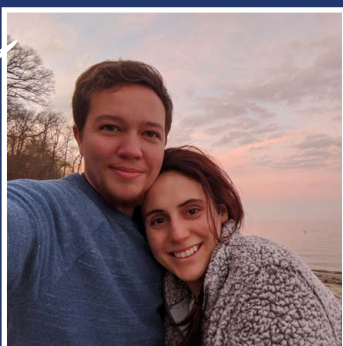

our favorite adventures

Early on in our relationship we discovered we are both passionate about travel. Lucky for us we both enjoy trying new and crazy things. For instance, Logan decided he wanted to experience Running with the Bulls in Pamplona, Spain. Corey did not run with the bulls but instead took in the scenery and ate delicious croquettes while watching Logan with the bulls. Thankfully he lives to tell the tale! One of our most exciting adventures was hiking from one side of the Grand Canyon to the other, over 26 miles in total. It was so beautiful to watch the sunrise from the canyon and see the incredible purples, oranges and reds of the canyon sparkle. Corey's singing has also taken her on adventures to China as well as Europe. Together we have spent summertime in Austria while she sings opera. Traveling is something we continue to explore. Whether it's small road trips, visiting family or friends across the country, or traveling around the world.

Musical Group: Elton John
Movie: *Tombstone*
Dream Vacation: Hiking across Ireland
Holiday: Halloween
TV Show: *Grace & Frankie*
Subject in School: Psychology
Book: *The Sun Also Rises*

our families + traditions

Logan is the youngest of five siblings. His oldest sister has been like a second mom to him. Logan watched *The Little Rascals* a lot as a kid and gave his oldest sister the nickname, Porky. He was Spanky. She didn't find being called Porky very funny as a teenager but they can laugh about it now! Logan's brother is quiet but has a heart of gold. He has two other sisters closer in age; sadly, one of his sisters is no longer with us. We miss her dearly, and she is always in our hearts. Logan's family loves to laugh. Logan is a big fan of scaring his siblings when they least expect it and enjoying their reactions. We have eight nieces and nephews and one great nephew on Logan's side, which means we spend A LOT of time pretending to be dinosaurs! We have both perfected the T-Rex walk and roar.

Corey was raised by a strong single mom. She has a younger brother who lives near us. Corey is very close to her mom. Corey and her mom spend a lot of time gardening, hiking, and decorating together. She also has a wonderful step-dad and three younger step-sisters in college. Christmas is a very special time for Corey's family. Corey and her sisters are serious about decorating for Christmas. Getting everyone's houses decorated and ready for Christmas is a family event full of Christmas cookie making and lots of Christmas movies.

dear expectant mother

Hello from the North Carolina countryside! It's difficult to know what to say right now. We don't know what you're feeling, but we know you are an incredible woman of strength and love. Life can be complicated, and what you are considering has the power to change people's lives. We have dreamed of becoming parents but didn't know if that dream could ever be a reality.

Here is a bit about us: We both love hiking and spending time outdoors. When at home, we like to spend time eating together, playing games, cuddling our two cats and pup, and watching TV (Logan likes *Wheel of Fortune*, but there are shows we can agree on, like *The Walking Dead*). We also appreciate learning about different cultures and have aspirations to learn Spanish. We hope to pass on our love of life and love of others to your child.

We realize you probably have a lot of questions; we are ready and open to continue the conversation. There are no words sufficient to express the amount of gratitude we have for you in our hearts. Thank you for taking the time to look through our profile.

With gratitude and love,

Corey + Logan
