ABOUT US

We are both driven individuals who have lived lives aiming to make the impossible possible. Ryan has started a successful business that allows us to live in a beautiful home, travel, and achieve wonderful dreams. Gabbie works as a second grade teacher. We play with our dogs daily and enjoy going to the beach and Disney. We both have a passion for the Disney parks and lifestyle. We love art, especially painting and ceramics. We both are definitely big kids at heart. Our children will have plenty of time to let their imaginations run wild while we all explore and play together.

OUR HOME + PETS

We live in a three-bedroom, two-bathroom home with a huge backyard near Walt Disney World. Close by, we have access to Disney Springs, sandy beaches, and hiking trails. Some of our favorite outings include taking the dogs to the beach. We have a wonderful town with lots of classes, sports, and activities for our future children to become involved in. We have three playful small dogs. We know our dogs will develop a strong attachment and love for our children and become their best friends. We are fortunate to have a flexible schedule to be hands-on parents.

OUR FAVORITE ADVENTURES

When it comes to adventure, that's our middle name! (Not literally, but we do enjoy discovering hidden gems everywhere.) Ryan's favorite adventure is the first adventure we went on, to the Dolphin resort that is attached to Disney. There's a boat that takes you right into Epcot, where you get a taste of all the places around the world. The resort is massive. There are so many things to do! It has a rich history, and they even have a beautiful grotto with a pool. Swimming is one of our favorite things to do. Gabbie's favorite adventure was driving along Route 66 across the country. We had lots of fun stopping at all the old Americana tourist spots, such as Pops in Oklahoma and the Cadillac Ranch in Texas.

OUR FAMILY AND *traditions*

Disney is our happy place, and holidays are met with celebrations there. We have really started to follow our own passions and make our own traditions we will pass on to our kids. We love celebrating Christmas and Halloween at Disney and cannot wait to share those moments with our extended family each year. Halloween was when Gabbie's family would come together growing up. On their 27-acre farm, her mother would host the parties inside while her father ran hayrides outside. They would always go to the pumpkin patch and still do it as a family yearly. We love hanging out with our nephews and niece around Disney and the pumpkin patch, showing them new attractions and always being there to buy them bubble wands. Ryan's family around the holidays goes to the flea markets and the local auction houses, which makes for a fun treasure hunt. At the end of the day, they give some items as gifts. One of their traditions is building holiday villages from Legos and making gingerbread houses from scratch. We love having an Advent calendar for the holidays as well. We cannot wait to share this with our children.

**DEAR
EXPECTANT**

mother

Thank you for taking the time to get to know us. We cannot begin to imagine the circumstances that have led you to this place, but please know we are praying for you, your child, and your family. We pray God will guide and direct your decision, whatever that may be.

We hope this profile will give you a good glimpse into the imaginative, well-educated, ambitious, and (hopefully) Disney-loving children we hope to raise. We also hope you find us to be the loving, nurturing parents for your child.

Please know if you choose us, your child will always know how much you love them and how selfless you were to make the brave decision to allow another family's dream of becoming parents come true. We cannot wait to welcome a child or children into our home, and we look forward to the journey ahead. Once again, we hope this profile will give you some insight into our lives and the type of life we can offer a child.

Respectfully and with love,

RYAN + GABBIE
