ABOUT US

In the tapestry of life, our harmonious blend of extroverted enthusiasm and introverted contemplation creates a vibrant and balanced partnership. Jason's extroverted energy fosters connections, while Ali's introverted nature adds depth and an appreciation for quiet moments. As a dedicated physician, Jason offers care and compassion, while Ali excels as a corporate finance executive, showcasing diligence and strategic prowess. Our shared passions for world travel, spending time at our beach house, hiking, healthy cooking, art, and design form a tapestry where our interests interweave. Weekends are for exploring trails with our dogs, nurturing our garden, planning our next travel adventure, and savoring culinary creations. Evenings are cozy and are filled with reading, movies, and cherished family time. Our down-to-earth nature and eagerness to share love, stability, and joy make us an inviting choice for a new family member.

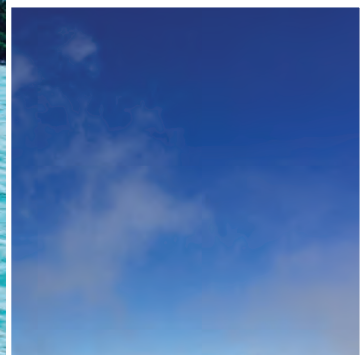

OUR HOMES AND PETS

Our three homes are a sanctuary of love, warmth, and security. We own homes in Rhode Island, our beach house in Cape Cod, our ski house in Vermont, and our boat which we enjoy traveling on. These are more than a physical space; it's alive with laughter, memories, and storybook magic. Imaginative play thrives, and first steps are met with exuberant celebration. Our communities champion individuality, fosters inclusivity, and promotes equality. Nearby universities spark curiosity, while parks and cultural venues promise enriching experiences. Education is paramount given our exceptional school district. Two furry companions, Maggie and Finnegan, anticipate a new friend, bringing gentle joy and companionship. As we eagerly await this journey, our homes stand ready to embrace your child with open hearts and open arms.

WHAT LED US TO ADOPTION

The thought of adopting a child fills us with joy and anticipation. Our decision is grounded in shared values and experiences and driven by a deep love to provide a nurturing home. Welcoming a new life into our family has been a cherished dream. Witnessing the transformative power of adoption in our friends' lives has further ignited our passion. We are excited to create a mosaic family, embracing unique experiences and backgrounds. The idea of offering a safe, loving space for a child to flourish emotionally, mentally, and physically gives us purpose. We're eager to learn, grow, and support our child's dreams, cherishing every milestone. Our hearts are open, ready to expand our family through boundless love and the incredible journey of adoption.
