ABOUT US

We are Mario and Elizabeth. We have been married for 11 years. Our marriage is based on faith, love, trust, and respect. We support one another and have a very stable, happy, and loving marriage. We were blessed with Hailey through adoption. Mario works as a garage door technician, and Elizabeth went to school to become a medical assistant. As a family, we enjoy grilling outside and playing with chalk. We enjoy taking Hailey out in her little car for a family walk. We are very family oriented, and we love our families deeply. Mario enjoys making those around him laugh and tell stories. Elizabeth loves working on DIY projects and reading. Hailey is very strong willed and will speak her mind. She loves to help and sing. We love family vacations and theme parks. Most importantly, we always believe in each other.

our home + pets

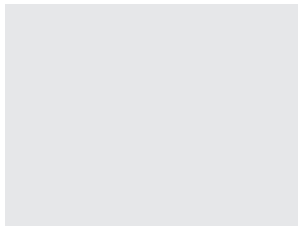

We live on a street filled with families and children. At the beginning of our street, we also have a daycare and a kids' learning daycare. We have a three-bedroom, two-bathroom home located in Texas. We have a play area inside filled with lots of toys to play with. We have a large backyard with lots of play room for a jungle gym with swings and slides. We have four loving playful Rottweilers: Kasier (7 years), Harley (5 years), Paco (2 years), and Rocket (2 years). They enjoy playing with Hailey and her cousins. Near our home, we have several places we love to go visit as a family. We have local zoos, aquariums, and indoor water parks.

our adoption story

We knew we wanted to have children, but we knew at some point in our relationship that we might not be able to have biological children. After a few years of infertility struggles, we felt so strongly in our hearts that we are called to grow our family through adoption. When we started our adoption journey and connected with our daughter's birthmom, it was a beautiful, instant connection. The love we have for her is more than words can ever describe. To have her in our lives has not only been a blessing but an extension of our family. We are excited to continue growing our family. Our families have been incredibly touched and supportive of our adoption journey. We believe that LOVE makes a family!

about

ELIZABETH

OUR FAMILIES

Family and friends are an important part of our lives, and we enjoy spending time with them. They are all SO EXCITED to welcome a new member to the family! On Elizabeth's side of our family, we enjoy getting together for an end-of-the-school-year party and birthdays. We have cookouts and enjoy family games like Uno, Connect 4, Bingo, etc. Once a year, as a whole family, we choose a destination for a vacation spot. For holidays, we do lots of baking.

On Mario's side of the family, we get together every Sunday and go out to eat or cook out. We enjoy having outdoor activities with Hailey. We make it a tradition to go to the baseball game on July 4. Baseball games are something we enjoy going to as a family. We cannot wait to have our little one along with Hailey for the holidays to be able to build gingerbread houses and decorate our home for Christmas as well as dressing up and going to Trunk or Treats on Halloween, creating new memories.

DEAR

expectant mother,

We promise to share with your child the love you have for them and always make sure they know of your beautiful sacrifice. We will support them, be there for them, have fun with them, and be their biggest cheerleaders. We will encourage them to shoot for the stars and chase their dreams and will provide all of our support to make their dreams come true. We promise to love and protect them always.

We are excited to welcome another child into our home. We have plans to add a playground area with swings and slides in our backyard. We envision having another child helping with Christmas decorating and baking as well as building gingerbread houses. We also have plans to go on a dream vacation to Disney World with all of our family.

We are so honored and beyond excited you are considering us as prospective adoptive parents for your baby! You are an incredible person, and the love you have for your child is shared in our hearts. We can't express through words the respect we have for you and the beauty of the plan you are considering for your child. You are such a strong and selfless woman, and we are so humbled by your courage. Please know you are covered in prayer and are loved by two strangers who would be blessed to meet you.
