about us

Our love story began in 2008 when we met online. After dating for a while and having a lot of conversations about what we wanted out of life, we knew we wanted to be together forever. We had a commitment ceremony in 2011 with a party while surrounded by our closest friends and family. Then, in 2018, we were legally wed. We pride ourselves on respecting one another along with helping each other be the best versions of ourselves. Jenny is described as a loving and loyal person who is very close to her family. She is the vice president of her family's manufacturing business and loves working with them every day. She loves photography, reading, and anything artistic. Stacy is very caring and easy to get along with. She loves playing sports and is very dedicated to her family. Stacy works as a manager in IT/nursing.

our home and pets

We live in a neighborhood filled with a lot of families with children. We moved into our home four years ago and have enjoyed updating things around the house, such as a playroom for Wyatt filled with a trampoline and jungle gym! We also have two dogs, Tucker and Max. They love chasing Wyatt around the house, trying to get treats from him! Our home is a place filled with laughter, love, and family gatherings. We can't wait to take your child to the park that is less than a mile from our home. We are an hour away from a zoo and an awesome children's museum. One thing we will hopefully share with your child is playing putt-putt as a family!

our adoption story

We had our biggest dream come true when we welcomed Wyatt into our lives in 2021 through adoption. We feel very lucky to have been chosen by Wyatt's birthparents to raise him and continue to have a good relationship with them. Here is a letter they wrote for us to share with a new prospective birthmom: "We chose Jenny and Stacy to adopt our baby because we really wanted a better life for him. We read their adoption page, and after talking to them and getting to know them better, we knew for sure he was going to the right place. Now he's almost two years old, and every time we see videos and pictures of him (which they are more than happy to provide us all the time), he always looks so happy and well taken care of. We have no doubts that he is in the best place, where he'll be happiest. They really are good people who make a good family, and we couldn't be happier for our little boy. He is in the best of hands." ~ H & C

DREAM VACATION: Maldives, Italy

HOLIDAY: Christmas

TV SHOW: *Mom*, *Roseanne*, *The Office*

SUBJECT IN SCHOOL: Science

BOOK: *A Piece of Cake*

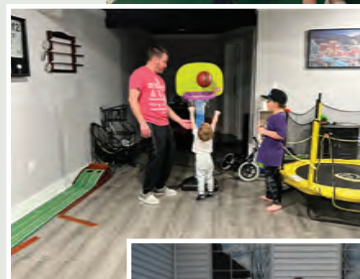

our family

+ traditions

We are extremely close to our families. They have given us so many opportunities in our lives, and we believe family is key to everything! From aunts and uncles to cousins and siblings, each person has shaped us in such a way that we feel truly blessed.

Jenny has one brother who lives with his wife and two kids down the street from us. Her dad lives very close to us as well. Stacy is an only child, but you wouldn't be able to tell that with having over 15 cousins whom she is very close to!

Every birthday and holiday is spent with our families. It is the time we truly cherish. We also have frequent dinners at one another's houses throughout the week. In the summertime, we spend as much time as we can at Jenny's dad's house, swimming and having cookouts. Throughout the year, we take many trips to visit Stacy's family and try to spend as much time with them as we can.

dear
**expectant
mother**

Dear Expectant Mom,

We cannot imagine how you're feeling, but please know we are here to support you endlessly should you choose us to raise your child. Nothing quite captures the admiration and respect we have for you. Adoption is an incredible exchange of trust, and we will always hold this recognition in our hearts. We have so much love to give your child and want nothing more than to help them become the best versions of themselves.

Your child will be raised in a home with lots of love, laughter and goofy times. We plan to raise them with values of equality, respect, kindness, and unconditional love. They will be supported and encouraged to go after their dreams and to never give up. We would love nothing more than to add to our family! We can't wait to teach your child how to ride a bike, read, play sports, or do whatever it is that they love. We also can't wait to travel for family vacations and build memories. Your child will never go without, and they will always know they are loved, beginning on day one.

We would like to thank you for taking the time to read what we have to share. We wish you nothing but the best on your journey, and we would love to build a relationship with you, should you choose us. We promise your child will always know you and just how brave and strong you are.

With love,

Jenny and Stacy
