

CAMILLE
AND
MICHAEL

ABOUT US

Hi. We are Michael and Camille. We met in 2022 and married in March 2024. We own a house in a quiet neighborhood where we live with two dogs and a cat. Michael is a firefighter, and Camille is a nurse in addiction medicine. Working in public health has exposed us to so much, and we feel like it has made us better people. In our free time, we like to camp, fish, garden, read, attend church, and play with the dogs. We also like to take trips; we have a goal to camp and visit a zoo in every state! We're both family oriented, and faith is the center of our lives. We're both caring people and try to put others first. We love to laugh and never take a day for granted. We believe life is short, and it should be filled with love, laughter, and making memories!

OUR HOME + PETS

We own a home in a quiet neighborhood in Ohio. We have a small yard but make the most of it with a garden and room for our pets. We have two dogs and one cat. Goose and Ambrosius, the dogs, are both very lovely and very silly; their favorite things to do are play and cuddle. The cat, Binx, is shyer and spends most of his days relaxing. We are lucky to live on the outskirts of town, close to lots of parks and hiking trails but also close enough to downtown to go to the zoo, museums, and other fun activities.

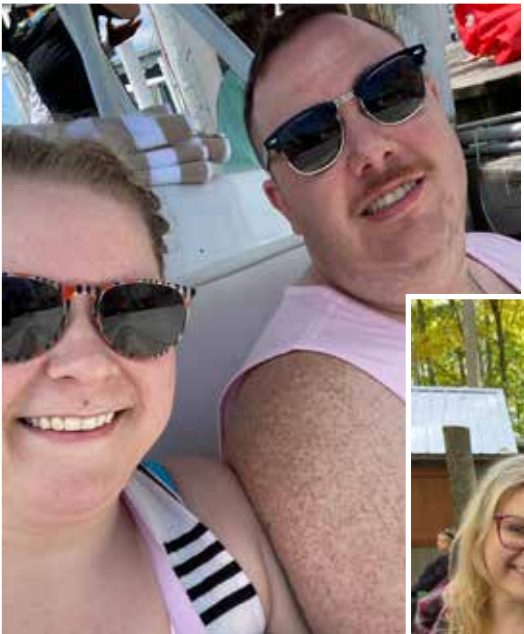

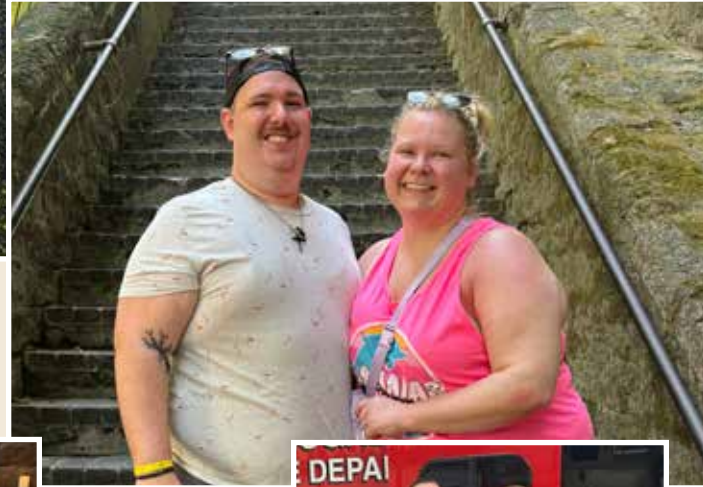

what led us to adoption

We always knew we wanted to adopt at some point in our lives, but we had planned on doing so down the road. We tried to get pregnant for about a year, even working with multiple doctors. Then we encountered some unexplained infertility. Instead of letting this get us down, we took this as a sign that God wanted our adoption journey to start now!

OUR LIFE
together

more about **MICHAEL**

MUSICAL GROUP: Led Zeppelin

MOVIE: *Pride and Prejudice*

DREAM VACATION: Indonesia

HOLIDAY: Christmas

TV SHOW: *The Office*

SUBJECT IN SCHOOL: English

BOOK: *The Alchemist*

OUR FAMILY +

Traditions

We both grew up very similar, both in a two-parent household with an older sister. We are both very close with our families, from calling every night to seeing each other once a week and having big get-togethers on holidays. Our families are beyond supportive and loving.

When we decided to go on this journey of adoption, there was nothing but cheers and excitement. We try to get both sides of the family together as much as possible. We both come from families who just love to be in each other's company no matter what the reason.

We have four nieces between the two of us. Our nieces range from newborn to 15 years old. We do as much with our nieces as possible. We love being an uncle and aunt!

DEAR

expectant momma

We start this off by saying thank you, not just thank you for giving us the opportunity to even be considered to be in the life of your child but thank you as well for all the things you have already done for your little one. These are things most people take for granted but not us. We will never understand what you are feeling or going through, but what we do know is that it shows how much you care already for your baby. We make you the promise to give your baby the life you've always wanted for them. We promise to love your baby fiercely. They will have a life filled with laughter, family, and adventure. We promise to always give it our all no matter what we come home to every day and just be thankful to be living in the moment.

Also, we look forward to meeting you and getting to know you as well. We will always be an important part of each other's lives. It's important you know how wonderful you are, and we'd be honored to know you.

Again, thank you for even considering us and looking at our profile. We know whatever choice you make will be the right choice made with love.

Love,

Michael and Camille
