

Jacob AND Brittany

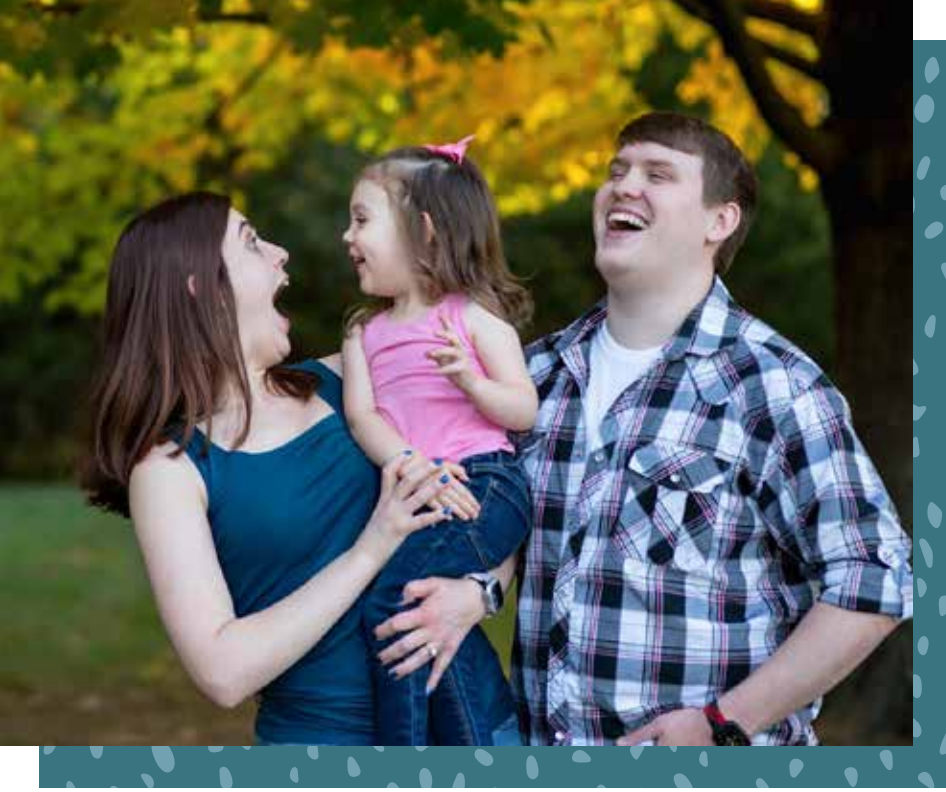

GROWING OUR FAMILY

about us

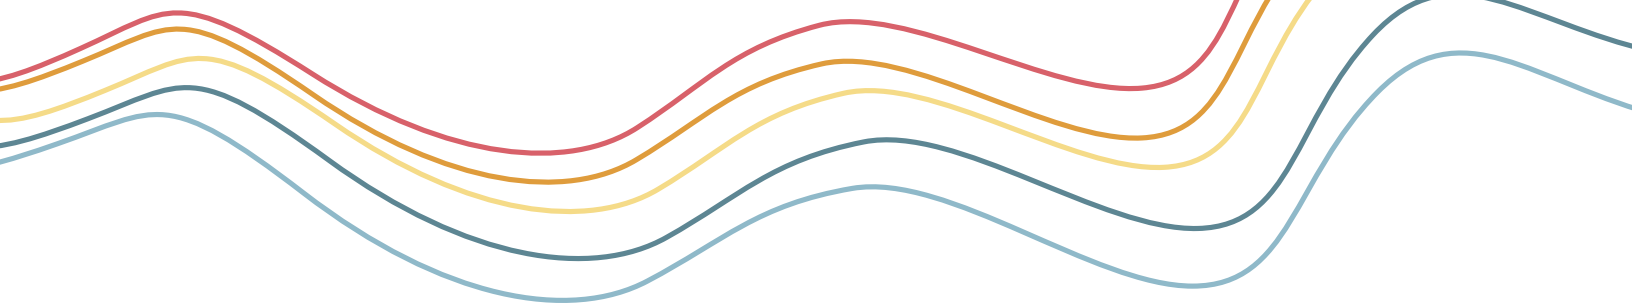

We are a goofy bunch that loves to travel together just as much as we love to snuggle up on the couch for a movie. Brittany works as a product manager. When not working, she enjoys rock climbing, reading, gardening, and making happy memories with family. Jacob is a web developer who loves to play video games, tinker with anything electronic, and learn all sorts of fun facts. We both love spending time with our daughter, Nyx. She loves to dance, sing, and read and is so excited to add being a big sister to her favorite things. She currently does dance and karate, and we love watching her joy as she participates in her favorite activities. Together, we love to cook and try new things.

OUR HOME + PETS

Our beautiful four-bedroom home is located in a small town that is close to everything we could need. After school and during the summer, the kiddos on the street can often be found playing outside together until the sun starts to come down. It warms our hearts to watch them, and it is always nice getting to chat with the neighbors while they are all playing. Our neighbors are always there when we need something, and we couldn't have asked for a better village. We share our home with two sweet dogs we adore and love to bring on our travels. They love being outside with us playing in our fenced backyard.

WHAT LED US TO ADOPTION

After a very rough pregnancy, we knew we wouldn't be able to continue to grow our family ourselves. We have cousins and friends who have been adopted and always kept the option open. As our daughter grew, we all decided as a family that we were ready to adopt. We are so excited to welcome another child into our home and share all of the love we have as a family with them. We can't wait to hear the kiddos giggling together, to watch Nyx read to her new little sibling, or to catch them snuggling together.

OUR LIFE

together

BOOK	Karma Girl

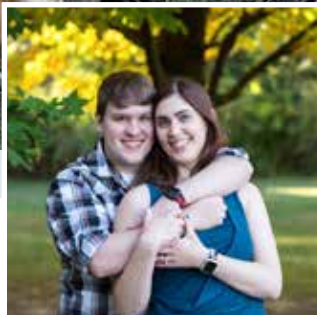

our families

AND TRADITIONS

We both have siblings, and we love nothing more than when we get to have family get-togethers. Jacob's family can often be found having family fish fries or cookouts in the summer. Brittany's mom and Jacob's aunt are both amazing and are always willing to support us in any way. We often like to laugh and joke with our siblings, and our family never fails to come together when anyone is needing support. Nyx loves when she gets to play with her cousins, and we always try to make time to travel to see the extended family whenever possible.

DEAR

*expectant
mother*

We just want to start by saying how strong you are. We recognize the incredibly hard place you are in and are in awe of how much strength it takes to make this very big decision. We know it cannot be easy.

We hope you feel we could make a wonderful family for your kiddo. We are so excited to be able to give this beautiful child every possible opportunity we can. Our ultimate goal is to ensure that he/she can be successful and can get whatever education they need to chase their dreams. We want them to grow up healthy, happy, and always knowing they are so very loved.

Thank you so much for being strong and for considering us as a potential family for your little one. Our gratitude truly goes beyond words, and we feel honored that you have considered us to raise him/her. We can't wait for the next chapter of our lives. Thank you for playing a monumental role in allowing us to start that chapter.

WITH LOVE,

Brittany and Jacob
