ABOUT US

Hello! We're Jason and Natasha. We met 16 years ago while working at Starbucks and quickly bonded over our love of art and travel. Jason is a web designer who works remotely, and Natasha is a corporate parts specialist for a heavy equipment dealer. We both love what we do.

In 2022, we welcomed our daughter, Norah. We've always dreamed of growing our family and believe families come together in many beautiful ways.

More than anything, we love spending time with Norah—whether traveling, enjoying local events, or making memories at home. Our two-year-old is funny and sweet—she loves ice cream and time with Mama and Dada.

OUR HOME & PETS

We live in a diverse, family-friendly neighborhood where community is everything. Our neighbors come together for cookouts, celebrations, and children's events. The area is a true melting pot, offering endless activities like sporting events, festivals, hiking, camping, and fishing, all set against beautiful landscapes.

One of the best things about our location is its convenience—within a four-hour drive, we can visit the beach, a major theme park, or even a ski and snowboard resort. We've always been a pet-friendly household and currently have a cat and a turtle. More than anything, our home is a warm and welcoming place filled with love, laughter, and adventure, making it the perfect place to raise a family.

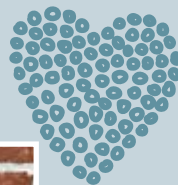

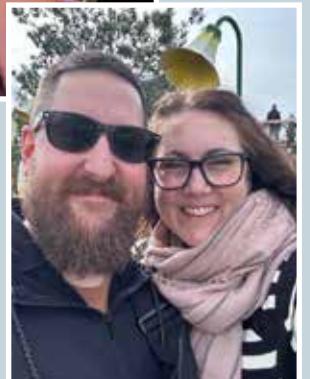

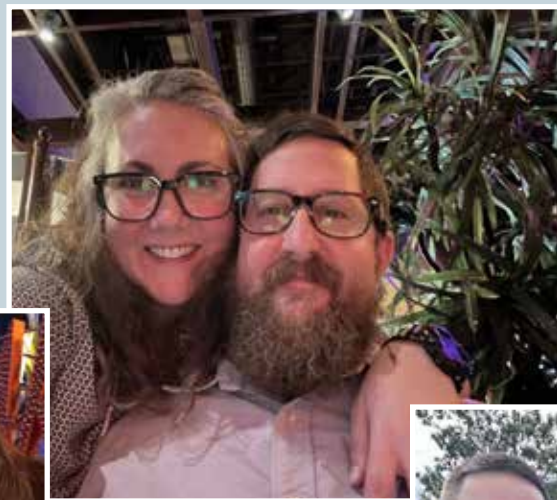

what led us to adoption

We have always wanted to have children. After years of infertility and with the help of a donor egg, our daughter Norah came into our lives. We know our family isn't complete, and we're excited to continue our journey through adoption. Having both grown up with siblings, we understand how special that bond can be and would love for our children to share that same connection.

Family has always been at the heart of our lives, and we believe love, not genetics, creates the strongest bonds. Jason's father was adopted, giving us a unique perspective on adoption's significance and its profound impact on a child's life. We are grateful for the opportunity to welcome your child into our home, where love and support will always be at the center.

HOLIDAY: Thanksgiving

TV SHOW: *NFL*, *Stand Up Comedy Specials*

SUBJECT IN SCHOOL: Art, Painting and Drawing

BOOK: *The Hobbit*, *History*, *Cook Books*

JASON

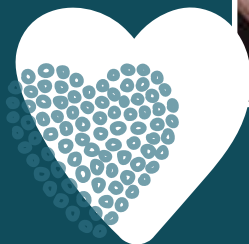

OUR FAMILY & *Traditions*

We both have large extended families and strong support systems. Jason has one brother four years younger who is married with a son the same age as Norah. Natasha has a sister who is two-and-a-half years younger and is also married with a four-year-old son.

Both of our parents have been happily married for decades, and all the grandparents are loving and deeply involved in their grandchildren's lives. Natasha's parents live nearby and cherish their weekly time with Norah.

Our extended families are ethnically diverse, and we celebrate that. They are incredibly supportive as we grow our family and eagerly look forward to welcoming your child with open arms.

dear

EXPECTANT MOTHER

Dear Expectant Mother,

As parents, our first priority is to give our children every opportunity to succeed in life. We are committed to guiding them not only toward success but also to teaching them to love and respect themselves while treating others with kindness. Your child would be raised in a home filled with love, laughter, and unwavering support. We believe that family is about love, not just biology.

If you choose us, we promise that your child will never feel unloved or unsupported. They will always be cherished and given the tools they need to thrive. We are honored that you would consider us as adoptive parents and would be grateful for the opportunity to raise your child. We welcome any questions you may have and are here for you every step of the way. Above all, we wish you the best as you search for the family that will best meet your child's needs. If you choose us, we can provide the loving, supportive home you envision for your child.

With warmth and gratitude,

Natasha and Jason
