# ABOUT US

Hi! Our names are Meghan and Stephanie. We both were born in North Carolina but grew up on opposite sides of the country. Stephanie grew up in North Carolina, while Meghan was raised in Southern California. Seven years ago, Meghan moved back to North Carolina to be closer to her extended family. We met a few years after her move and later married on the beach in 2022. We are now looking forward to our next journey and are beyond excited to begin growing our family. Stephanie has been a physical therapist assistant for eight years and works with the elderly in nursing facilities. Meghan works in IT at her family's medical research company. We both enjoy spending time with our families and friends whenever we can. We enjoy finding weekend adventures, visiting new places, and creating a lifetime of memories.

## OUR HOME & PETS

Our home is a warm and welcoming, four-bedroom house filled with love and laughter and located in a family-friendly neighborhood. The local community offers a variety of attractions, including farmers' markets, community events, and many parks and walking trails. We have three loving dogs, Emma (14), Finn (6), and Jack (2), who love to explore the great outdoors or cuddle up at home. We are proud to be part of an excellent school district that values education and supports its students, providing numerous enrichment programs and extracurricular activities. Our favorite things to do at home include cooking or baking in our kitchen and playing games in the backyard.

## WHAT LED US TO ADOPTION

The journey that led us to adoption has been filled with hope and reflection. We have always shared the desire to adopt since the day we met. While this marks our initial step into the world of adoption, we do have relatives and friends who have been adopted. We have witnessed the joy and fulfillment it brings to families, and it has inspired us to pursue this opportunity with open hearts. Adopting would enrich our lives and make our family complete, and we are eager to embark on this wonderful adventure together.

# OUR FAMILY & TRADITIONS

Family is one of the most important parts of our lives. Between the two of us, we have two brothers each, several cousins, aunts, uncles, and grandparents. Meghan has two stepparents as well. Almost all of our family is located in the same state, which makes coming together very easy.

We spend a lot of time out at Meghan's family's farm, either fishing or riding around on golf carts or even just sitting together at a family dinner. Our favorite thing is celebrating holidays together, where we share meals and create lasting memories around the dining table, often accompanied by heartfelt stories and laughter. At our family gatherings and reunions, we get to reconnect, reminisce, and celebrate each other's recent milestones. The love and support we offer each other is unconditional, making our extended family a huge part of joy in our lives.

## DEAR EXPECTANT MOTHER,

We want to take a moment to honor and acknowledge the difficult and courageous decision you are contemplating. We can only begin to imagine the emotions you are experiencing right now, and we want you to know we deeply respect your journey. The strength it takes to consider adoption is truly remarkable, and we are grateful for the potential opportunity to be a part of your child's life story. We want to sincerely thank you for considering us as potential parents.

As you explore this option, we want to assure you that our hearts are wide open and our home is filled with love, laughter, and unwavering support. We promise to provide your child with not only unconditional love and stability but also a nurturing environment where their individuality and unique heritage will be celebrated. We are committed to making sure they grow up knowing the immense depth of your love and the significance of the decision you are making. Throughout this journey, we promise to support and honor you in every way possible, ensuring that you feel valued and respected. With heartfelt gratitude, we will keep you and your baby in our thoughts as you navigate through this significant process.

With love,
