ABOUT US

Hi! We are Jared and Cierra! We are best friends who have spent the last 11 years building a beautiful life together. Jared is reserved, hard-working, and thoughtful. He is a fourth-generation walnut farmer who's passionate about caring for the land with the same integrity his grandfather and father have instilled in him since childhood. He loves being a father; quality time with our family is the highlight of his day. Cierra is authentic, sassy, and intuitive. She is a stay-at-home mom, and she pours her entire heart into being the best she can be for our son. She puts our family above all else and has the ability to make an everyday task a cherished memory. She has a passion for caring for animals and has created quite the farm that brings us all so much joy.

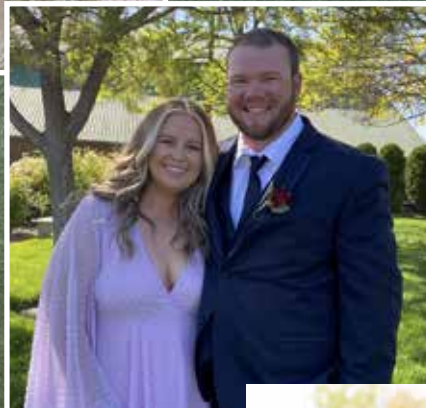

OUR HOME + PETS

Our home is nestled in a walnut orchard and overlooks our cattle/hay fields with a gorgeous backdrop of the snow-capped mountains. We have four bedrooms, three bathrooms, and a fenced acre of yard to play in. On our farm, we have the sweetest cattle, goats, chickens, ducks, bunnies, two corgis, and three cats. Our local school is amazing; we actually built our home in this district specifically! Serving TK-8, with small class sizes and individualized attention! Several kids from school live nearby, and we get the kids together often. Although we live out of town, we take advantage of the trampoline park, kids' museum, waterpark, zoo, and much more just a 20-minute drive away!

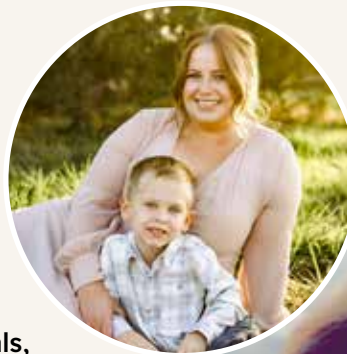

WHAT LED US TO ADOPTION

We learned early on that we were unable to have biological children. We immediately considered adoption, but we were scared! We decided to try IVF with donor egg and donor sperm first, and became pregnant with our little boy, who biologically doesn't share our DNA, but completely owns our hearts. He is now six and such a light; he has truly made us the best versions of ourselves. Adoption has always been a part of our plan; we just needed to make sure we were prepared for everything adoption consists of. We are confident that we are ready for this incredible journey! We are blessed with a home filled with endless laughter and unconditional love; we would be honored to share that with another child.

OUR FAMILY AND *traditions*

Jared has his parents and sister; we all live within half a mile of each other on family farming land. Jared also has his grandparents, aunts/uncles, cousins, and their children. They always make everything special for the kids in the family by doing fun activities like pumpkin carving, making gingerbread houses, bingo night, and more. They are such an awesome support system, and in our son's six years of life, we have never had to find a babysitter outside of our family.

Cierra has her parents, four siblings (all of whom are married), and six nieces/nephews. Cierra's family is very large and close-knit! Getting all of them together several times a year for camping trips, family events, and vacations is chaos but so much fun! Cierra is absolutely the "favorite auntie," and you will see her swarmed by kiddos constantly! While the rest of the family is more spread out, it just calls for the opportunity to travel and gather together to make amazing memories!

Family is very important to us, and we are so proud to call this crazy bunch ours! We especially love seeing our next generation form special cousin bonds and make lasting memories together.

EXPECTANT MOTHER

We won't claim to know the depths of your feelings at this time, but we can imagine it feels like the sky is falling. To even consider us as possible parents to your baby, is a gift in itself. Regardless if we are the parents that you choose for your baby, we are thankful to have crossed your path during this journey. Even if it's just to tell you that we are so proud of you and to remind you of how strong and beyond selfless you are. We wish to be a safe place for you to land during this time, someone you can lean on and feel like you have a team behind you. We want to build a lifelong relationship with you based on honesty, mutual respect and unconditional love for your baby.

Allowing us to raise and love your baby is a privilege that we would treasure every single day. We would never take your sacrifice for granted and we vow to give your baby a beautiful life full of color, laughter and the purest form of love. We have no preconceived notions about parenting, we will rise and fall to meet the individual needs of each of our children.

Above all else, please know that your baby would be protected and cherished in each step of their life. We appreciate you taking the time to get to know us and we wish you nothing but the best as you navigate this journey.

With love and admiration,

JARED + CIERRA
