## *our love story*

We met during Covid in 2021 and quickly became inseparable. After two years of dating, Gregory proposed to Samantha in our home with our puppy by our side. Wedding planning was in full swing, and we were married ten months later overlooking the beach—our favorite place to be.

## *our home + neighborhood*

Our home is a ranch nestled on a cul-de-sac near the Jersey Shore. We have great neighbors, and a wonderful neighborhood full of young couples who are starting families of their own. We're within walking distance of beaches, a coffee shop, and parks, and we can bike ride around the quiet neighborhood as well. We have two dogs, which are the best walking partners.

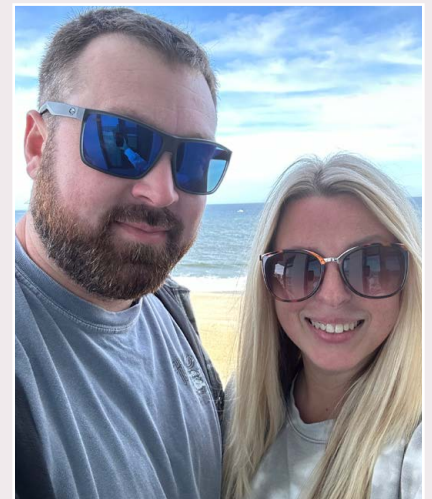

## *adoption in our life*

Samantha is no stranger to adoption as she was adopted herself. Not only is Samantha adopted, but Samantha's sister is also adopted. When we started talking about adoption, we knew that having a parent who went through adoption would provide a better understanding of what the child would be going through at any given time. We are fully prepared and ready for this wonderful gift.

## OUR FAMILY AND *friends*

We consider ourselves extremely lucky to have the most supportive family and friends. When we shared the news that we were going to start on our adoption journey, family and friends immediately asked what they could do to assist. Our family and friends are close in distance, and we look forward to having them share in the baby's life.

Dear Expectant Mother,

Because of you, we have an opportunity to achieve a dream of ours—a dream of having a family. It would truly be an honor.

Our family is built on love, laughter, and a deep commitment to supporting one another. As such, we're ready to share that with a child. As both of our parents have been married for close to fifty years, they have shown us the meaning of family and true love, along with creating cherished childhood memories that we cannot wait to share with a little one.

We promise to provide a stable, loving home where we can support your child as they grow and learn. We will always talk openly with them about how we came together because of you and adoption. This child will hear us talk about you and our adoption story with grateful hearts.

We're excited to create a lifetime of joyful memories, provide a safe and loving environment, and guide them every step of the way. We are ready to overcome any challenges along the way, and look forward to supporting you in any way we can.

If chosen, we promise to love your baby unconditionally and will be forever grateful to you. We are so very thankful to you, and would be absolutely overjoyed to have the opportunity to be your child's adoptive parents. From the bottom of our hearts, we thank you.

SINCERELY,

*Samantha & Gregory*
