

Jennifer and Randy

GROWING OUR
FAMILY

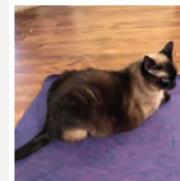

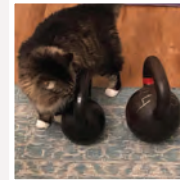

ABOUT US

Jennifer works as a consultant for a private company and has been in her role for nearly ten years. Randy has been working as an investigator for the State since 2007. We have been a couple for almost six years and married just under three years. We enjoy spending time with family, attending sporting events, traveling, and anything Disney. Randy has a twelve-year-old daughter, who is looking forward to becoming a big sister. We have a nice home with a big fenced-in backyard that would be a perfect place for a swing set. We also live close to family, so your baby will receive a lot of love.

OUR HOME AND PETS

Our home is located in a quiet family neighborhood and has a big fenced-in backyard. Our backyard has a small garden and a gazebo area. We enjoy hosting family BBQs and playing games with our nieces and nephews. We can't wait for your baby to be able to join in the family fun and play with their new cousins. The town we live in hosts several festivals and parades each year, and we cannot wait for your baby to be able to participate. We also have two older cats, Raja and Sasha, who are pretty laid back.

WHAT LED US TO ADOPTION

After being unsuccessful in having a baby on our own, we decided to consult a fertility doctor. We decided to try IVF but had some setbacks. While trying to decide when we wanted to start another round of IVF, we started to think about the love and life we could offer to a baby. We then began to research how adoptions worked and found LifeLong Adoptions. We knew in our hearts this would be the best path for expanding our family.

Musical Group: The Beatles

Movie: Harry Potter

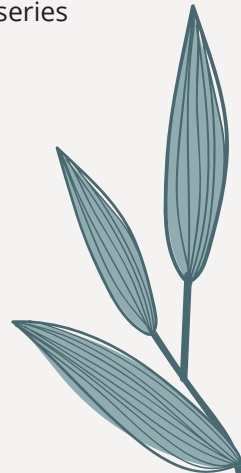

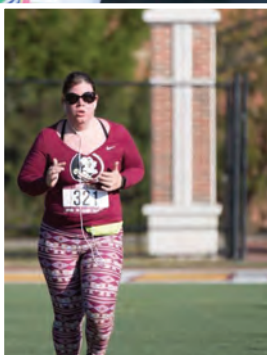

Dream Vacation: England, Ireland

Holiday: Christmas

TV Show: This Is Us

Subject in School: Math

Book: Harry Potter series

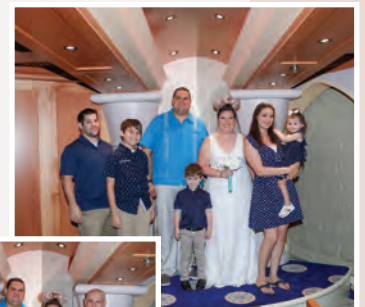

our families AND TRADITIONS

Jennifer has one sister, who is married with a child of her own. Jennifer's mother lives a few hours away, and we try to visit as often as possible. Randy has one brother and one sister. They are both married with families of their own. Randy's parents only live a few miles away from our home.

Our entire family has been supportive of our decision to adopt a baby, and they are excited to be part of your baby's life. Besides loving parents, your baby will also be receiving a loving sister, grandparents, aunts, uncles, and cousins. We enjoy getting together to celebrate holidays, especially Thanksgiving and Christmas. Starting in the fall, we attend several local festivals that lead us right into Thanksgiving. Our family Thanksgiving then kicks off our Christmas season as we decorate the outside of our home with lights and outdoor decorations and place two Christmas trees inside our home.

We are looking forward to seeing the excitement on your baby's face when they see what Santa Claus brought them. Jennifer is also looking forward to seeing your baby use the wooden rocking horse her dad made for her as a baby.

Dear expectant mother

We know making such a big decision based on a few words and pictures must feel overwhelming. We would like to ask that you take a breath and know your baby will be such a blessing to our family. We would also like to thank you in advance for considering us to raise your baby. We want to assure you your baby would be raised in a house full of love, fun, and laughter. They will be taught the value of education and have the opportunity to go to college.

Some of the things we are looking forward to doing as a family are bedtime stories, movie nights with a bowl of popcorn, baking holiday cookies, dying Easter eggs, going to Easter egg hunts, summer vacations, watching Fourth of July fireworks, and weekend trips to Walt Disney World. As your baby grows, we will support their hobbies and interests, whether it is playing sports, learning to play an instrument, or joining school clubs.

We promise to love and cherish your baby, if you choose us, and we will always be so grateful to you for the gift you have chosen to share with us. Your baby will be raised in a warm and loving environment. When they are grown and ready to start their own family, they will carry all of their childhood memories and family traditions with them to share with their own children.

With Love,

Jennifer & Randy
