

# DREW & ERIC

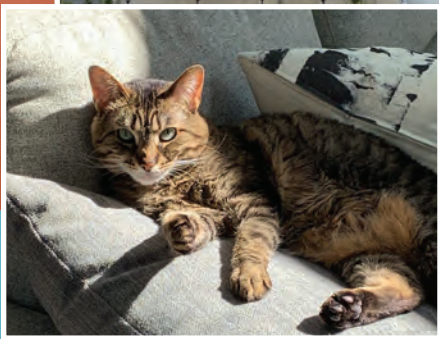

*our story*

## ABOUT US

Hi, our names are Drew and Eric. We are a fun-loving, adventurous couple that is looking to adopt our first child. We have been together for eleven years and can't wait to start a little family of our own. Eric works in the banking industry, and Drew works in human resources and the real estate industry, where he designs and sells homes. Eric is good with numbers, and Drew is very creative. When we are not working, we enjoy spending time with family and friends, going camping, spending time on the lake or in the mountains, watching movies, playing games, and spoiling our niece and nephews. We enjoy traveling and exploring new places and have been fortunate enough to visit Europe, Asia, and Central and South America. One of our favorite vacation spots is Disneyland, where we have annual passes.

## OUR HOME & PETS

We can't wait to introduce your baby to our beautiful, friendly community in Utah close to the mountains. Our home was built in 2021 and has four bedrooms and 3.5 bathrooms. We are within walking distance of several parks, schools, hiking trails, bike courses, and restaurants. We have two small dogs; Roxy who is a Yorkie, and Fergie is a miniature pinscher. We also have a cat named Izzy. We love taking our fur babies out on walks around the lake and enjoy summer concerts in the park. In the winter, we enjoy watching the snow fall and go sledding down the hill in front of our house.

## WHAT LED US TO ADOPTION

Family is a central part of our lives, and we both come from strong families that offer love and support in our everyday lives. We have always dreamed of having the opportunity to raise a family of our own, and adoption has always been the route we hoped to take. We want to be able to give a child a home with the same love and support our families have given us. Eric's cousin has adopted two children and has been an inspiration to both of us. We are beyond thrilled at the possibility of becoming parents and having a child to love, support, and create memories with.

# OUR FAMILY & Traditions

We are lucky to have both of our families close by! Eric is the oldest child in his family and has one sister, whom he is very close to. His sister has two boys that we love to pieces! Eric's parents live only a few minutes away and love spending time with their grandkids. His parents come up with creative ways to entertain the grandkids, from painting rocks, going on scavenger hunts, and creating/playing new games with them. We are also close to Eric's extended family and have an annual family reunion where all of his aunts, uncles, and cousins and their kids get together and go camping for a week. It's one of the highlights of every summer!

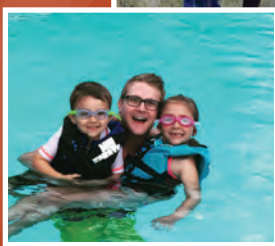

Drew is the youngest in his family and has two older sisters. His oldest sister has a son and daughter we love! Our nephew loves playing football, and our niece loves dancing. Most of his family live about an hour away, and we visit a few times each month. We have a birthday dinner tradition where we all meet up to celebrate everyone's birthdays; this includes cousins, aunts, uncles, and even friends who have been added into our family. Both our families will love and welcome a new family member with open arms!
