ABOUT US

In 2003 we met in New York, where Kris is from and where Eddie went to law school. Our 20-year journey together has been exciting, adventurous, fun, and filled with support for each other. We moved to Georgia in 2007 and adopted a precious dog named Riley. We love to travel, especially going on family trips to the beach. Our relationship is filled with love, happiness, and respect. We always make time to laugh and enjoy life. We are surrounded by incredible family and friends who love us unconditionally. We believe our love, life experiences, and amazing network of friends and family will provide an incredible life for a child.

OUR HOME & PET

We moved into our home three years ago. Our community is very safe, is filled with lots of children, and has excellent schools. At the end of our block, we have a park with a large playground and trails. We love walking on the trails and riding our bikes. We are surrounded by lots of wonderful activities, including sports facilities, a zoo, amusement parks, and an aquarium. We have lots of space both inside and outside of our home for a child to have a wonderful life.

WHAT LED US TO ADOPTION

Our dream is to have children. We have a large and loving family. Kris has a sister with three children, and we adore them. We love being together. Our wish is to have children and create wonderful memories. Eddie is an attorney who advocates for children. Kris has two cousins who are adopted, and we are very close. It is our dream to become parents and create a life for a child filled with love, happiness, and support.

Family is very important to us. We both have large extended families. Our parents love us very much. They are caring, supportive, and excellent listeners. They are our biggest supporters and always want the best for us.

As a family, we very much enjoy being together. We love celebrating birthdays and holidays, traveling, and laughing together. We are our niece and nephews' favorites for playing games and sleepovers. Our family is thrilled and incredibly supportive of us looking to adopt, and they cannot wait to have a child join our family.

DEAR EXPECTANT MOTHER,

We are so very grateful you want to learn about us, and we hope to have the opportunity to learn about you as well. If you choose us, we'd be honored to walk this journey with you at any level you're comfortable with. We recognize this is a very difficult decision, and we both deeply admire your strength and courage. Our dream is to become parents and to provide an incredible life for a child.

We promise to support and encourage your baby through every aspect of life and provide endless amounts of love. We commit to enriching your baby's life in every way possible and allowing them to become the best possible version of themselves. Our amazing family and friends will also love and adore your baby. We know this is not easy for you, and we thank you for considering us. You would be providing the most incredible gift anyone could ever give us, and we would be forever grateful.

With love,

EDDIE & KRIS
