ABOUT US

We have been married since June 2011 and have enjoyed our lives together as a couple traveling and spending time with our families. We have a passion for rescuing dogs, and that has been a big part of our time while attempting to have a family. Some of our favorite things to do are watch our niece and nephews in their sporting events, having big family dinners on Sundays, taking our dogs for walks around our neighborhood, and watching movies in the media room. Robert is a co-owner of an outdoor living and pool building company, and Lindsay is a practice manager of a multi-office dermatology and plastic surgery practice. We can't wait to have a child to enjoy reading books, watching cartoons, playing sports, or going to dance competitions soon!

OUR HOME + PETS

Our home is located in a small town in Texas. Our neighborhood is family oriented, with amazing schools and activities for children of all ages. We live within walking distance of Lindsay's parents as well as Lindsay's sister and her family! Our home has always been a loving home to all. We have a passion for rescuing dogs and currently have three fur babies who can't wait to have a human playmate!

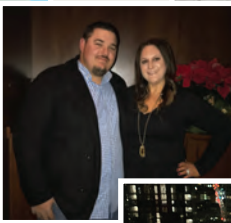

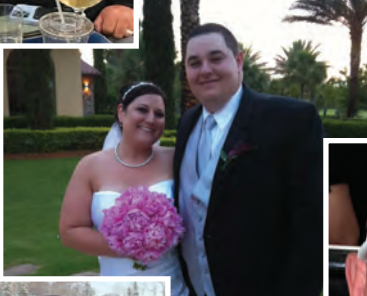

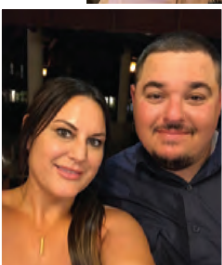

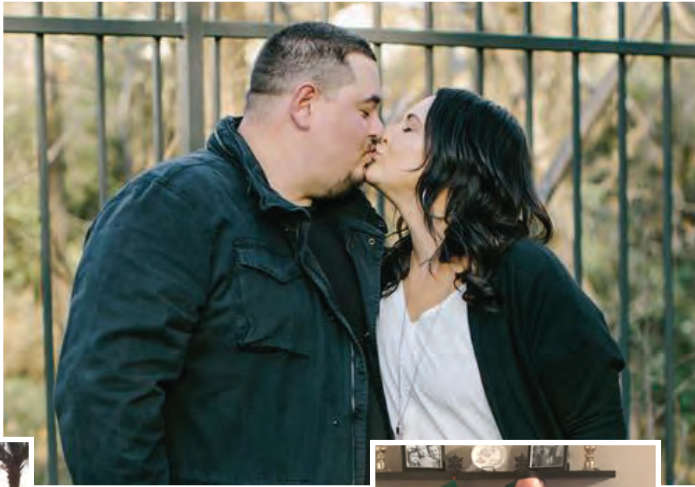

What led us to adoption

We are so excited for the opportunity to adopt. We have been trying to conceive via fertility treatments for several years without success. We have dreamed of being parents our whole lives, and adoption is the path meant for us. We are so extremely honored and excited to be here.

OUR LIFE
together

OUR FAMILY +

traditions

We both grew up with lots of family surrounding us and want to continue that tradition with our future child. Lindsay has one sister, who is married with three beautiful children. Robert has six sisters and one brother, and we have several nieces and nephews on his side of the family. We are from Florida and New York and have extended family in both states as well as immediate family members here in Texas.

We can't wait to add another grandbaby and cousin to our family!

DEAR

expectant mother

We are so thankful and excited you have considered us for the blessing of adopting your little one. We understand considering adoption for your precious child is a difficult decision and one that you are considering because of your strength, courage, and love for your child.

We are excited to become parents and can assure you that your child will be loved beyond measure. We would love to share milestones of your baby and our baby with you. We love to document everyday experiences, and we would be excited to share pictures and updates with you at any level you're comfortable with.

We hope to meet you soon!

Love,

Robert & Lindsay
