

# Paige & Jennie

We met at work through a shared passion for caring for and helping people. As time went on, we got to know each other and formed a great friendship that grew into a beautiful relationship that then turned into a wonderful marriage. Jennie continues to work at the nursing facility as a speech language pathologist and therapy director, while Paige is now a stay-at-home mom. We enjoy a wide variety of activities, from hiking, swimming, and camping to staying in and watching movies, crafting, doing puzzles or doing home projects. We complement each other well as Paige loves to get out and do things, while Jennie loves to enjoy a relaxing time at home. No matter what we're doing, we love being able to do it together!

## OUR HOME & PETS

We live in a three-bedroom, two-bathroom house with a fenced-in backyard that includes a big playground area. Our son and our dog, Keegan, love the backyard to run and play safely. Our community features parks, lakes, and trails that we take advantage of weekly. Our town has a long tradition of being a welcoming and friendly community with opportunities for everyone. The local library is less than ten minutes from our house and features many programs and resources we enjoy using as a family. The school system has also been designated an “excellent” district by the state and is an integral part of the city. The city has multiple opportunities for youth sports, and the district has a strong athletic tradition.

## WHAT LED US TO ADOPTION

Paige was adopted as an infant and was given a wonderful life. We knew from the start that adoption would always be an option for us to grow our family as it holds a special place in our hearts.

# OUR FAMILY & traditions

We both have large extended families we love spending time with! Jennie and her sister grew up on the family farm with their mother and father. Jennie now has two nephews and a niece, and we enjoy holidays at Jennie's sister's house as it is centrally located for all members of the family. Family events on Jennie's side focus on spending time together, cooking, and watching the kids play.

Paige grew up with her older brother in a loving home with their mom and dad. Paige's older brother is one of her very best friends to this day. Unfortunately, Paige's parents have passed away, but she still has her brothers and sister, her niece, her Nana and Pap, and many aunts, uncles, and cousins. Even though Paige's family is spread out, we always find time to visit each other and get together for the holidays every year. They can't wait to have one more to love and spoil!

Whether we are spending time with Jennie's side of the family or Paige's, the time spent together is always filled with so much laughter and love!

## DEAR expectant mother

We cannot even begin to understand your feelings and thoughts throughout this process, but we want you to know how brave and selfless we think you are! We already know you are truly an amazing person. We want you to know we are extremely grateful that you are even looking at and reading our profile.

Should you choose us, we will do nothing but love your child unconditionally. We have dreamed of expanding our family and cannot wait to give another child our whole hearts and all of the love, safety, and support they could ever imagine. Our son is so excited to become a big brother! He can't wait to meet his new baby sibling and show them all of the wonderful things he has gotten to experience, along with all of his favorite bedtime stories and toys. We also have a dog who can't wait to go on hikes and run around and play with a new sibling too!

Adoption has always had a special place in our hearts as Paige herself was adopted as a baby. Adopting a child would be absolutely life changing for not only us as a couple but our whole family. We can't wait to share our lives and love with another little one! Thank you again for reading our profile and considering us!

LOVE,  
JENNIE & PAIGE
