ABOUT US

We are both driven individuals who have lived lives aiming to make the impossible possible. Ryan has started a successful business that allows us to live in a beautiful home and travel and achieve wonderful dreams. Prior to this year, Glynnis worked as a teacher, traveling around the world for many years. We play with our dogs daily and enjoy a laid-back country lifestyle. We love traveling and going to Disney parks. We both have a passion for the Disney parks and lifestyle. We love art, especially painting and ceramics. We both are definitely big kids at heart. We love Legos, Pokemon, Hotwheels, American Girl dolls, and more. Our children will definitely have plenty of time to let their imaginations run wild while we all explore and play together.

OUR HOME + PETS

We live in a three-bedroom, two-bathroom home in a semi-rural environment. Close by, we have access to hiking trails with waterfalls and a wonderful town with lots of classes, sports, and activities for our future children to become involved in. We have three playful small dogs. We know our dogs will develop a strong attachment and love for our children and become their best friends. Ryan runs his own business, and Glynnis currently works for him but used to be a teacher. This allows us a flexible schedule to be hands-on parents.

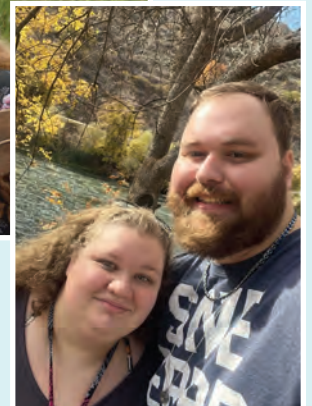

WHAT LED US TO ADOPTION

We both wanted to pursue adoption on our own before we met, and sharing the same dream together makes the desire even stronger! Family matters to us, and we would love the chance to grow into a bigger family by adopting. We want to offer our children a world to fulfill their passions, dreams, and desires, such as playing sports, art, or ballet. We are confident we can provide and show our children love and support and that impossible dreams can be theirs. We have always dreamed of having children and hope our dream will be fulfilled.

BOOK: *Harry Potter*

OUR EXTENDED family

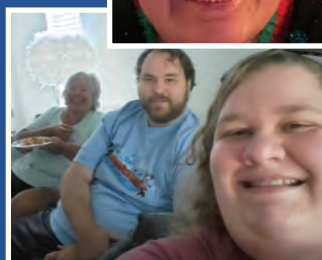

Disney is our happy place, and holidays are met with celebrations there. We have really started to follow our own passions and make our own traditions we will pass on to our kids. We love celebrating Christmas and Halloween at Disney and cannot wait to share those moments with our extended family each year. Anyone who can make it comes. We love hanging out with our nephew and niece around Disney, showing them new attractions and always being there to buy them bubble wands. We are so excited to have those experiences with our own children. One of our traditions is building holiday villages from Legos. Every year we have been adding to it. We love having an Advent calendar for the holidays as well. We cannot wait to share this with our children.

Family Fun!

Making Memories

dear EXPECTANT MOTHER

To the Possible Mother of Our Future Child:

Thank you for taking the time to get to know us. We cannot begin to imagine the circumstances that have led you to this place, but please know we are praying for you, your child, and your family. We pray God will guide and direct your decision, whether it is to parent or choose an adoption plan.

We hope this profile has given you a good glimpse into the Disney-loving, imaginative, well-educated, and ambitious children we hope to raise. We also hope you find us to be the loving, nurturing parents for your child.

Please know if you choose us, your child will always know how much you love them and how selfless you were to make the brave decision to allow another family's dream of becoming parents come true. We cannot wait to welcome a child or children into our home, and we look forward to the journey ahead. Once again, we hope this profile will give you some insight into our lives and the type of life we can offer a child.

**Respectfully and with love,
Ryan and Glynnis**
