## ABOUT US

We are a loving, adventurous, and hardworking couple that enjoys a variety of activities both at home and on the road. Garrett is a cybersecurity professional with over eight years in the field, while Cameron is a data analyst, also with over eight years in the field. Cameron is a United States Navy veteran and had the full support of Garrett during his time on active duty. We both have bubbly, loving personalities that will be ultimately fulfilled when we are able to raise a child. We enjoy hiking, outdoor activities, exercising, spending time with family, and movie nights. We also love to do yard work when it's nice out and to play with our three dogs: Cooper (goldendoodle), Jax (beagle), and Blue (beagle/Boston terrier mix).

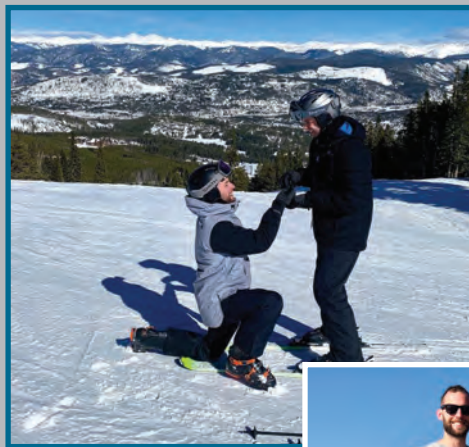

## OUR HOME & PETS

We bought our home in 2018 in a lovely, quiet, and safe cul-de-sac neighborhood in Maryland. We have a large home on one acre of land, perfect for multiple children, our pets, and hosting large family gatherings at Thanksgiving and Christmas. Maryland has some of the best public education in the United States, as we are both products of the Maryland public education system. We have three dogs: Cooper, Jax and Blue. Garrett adopted Jax in 2015, Cameron adopted Cooper in 2017, and together we rescued Blue in 2019. The dogs love people, are well-trained, enjoy hiking with us, and are ready for a baby to love and protect.

## *what led us to adoption*

We have always known from the beginning of our relationship that we wanted children. We ultimately chose to pursue adoption because we want to be parents and are excited to provide an amazing home filled with love, laughter, and kindness. After talking with colleagues and friends about adoption, as some of them were adopted, their eyes were filled with joy when we mentioned we were starting the adoption journey. Since beginning the adoption journey, we have prioritized our desire to raise children and have a big family.

## OUR FAMILY & TRADITIONS

Cameron's family is a large, blended family. He has a mother, father, stepmother, and stepfather. He also has one sister, three half-brothers, two step-brothers, and one step-sister. Cameron has over 45 cousins throughout his family, making family gatherings one of the major highlights of the year. They are intelligent, hardworking, and driven to ensure that everyone in the family is taken care of.

Garrett's family is a large family that is comprised of intelligent, fun, and loving individuals. He has three siblings, two brothers, and a sister, and they all get along very well. The yearly crab feed hosted on his grandparent's farm is a highlight, bringing the entire family together from across the country for a day of fun, laughter, and joy. Garrett and his father, brother, and sister all enjoy going to watch professional soccer games, and this has become somewhat of a tradition over the years, with Cameron enjoying this time as well.

Whenever time allows, we try to spend time with the members of our family as that is something we believe very strongly in. Our families are forever, and we should cherish these moments as long as we can.

## DEAR EXPECTANT MOTHER

To A Loving Mother,

The difficulty of considering an adoption plan is staggering, and we can't imagine the stress you are feeling. No matter what situation you are in, just know we will love and care for your baby with every fiber of our being if you choose us. Your baby will mean the world to us, and we will care for them with love, grace, and respect and in a home filled with laughter and kindness. You as a mother are so brave. Words cannot describe the respect we have for you, and we thank you from the bottom of our hearts for the potential of us getting to raise the greatest gift from God.

No matter the background, circumstance, or situation you are in, just know we will love and care for this child and provide them with the best life possible. If you choose us, you'll be giving us the gift of life, a gift that can never be repaid back to you. Know from the bottom of our hearts that you will always hold a special place within our family. You will always be the one who changed our family for the better, so thank you. Thank you for the sacrifice. Thank you for the bravery. Thank you for considering giving us the beautiful gift that is life. May God bless you and this child as we pray every day for this gift of our own.

Warmest Regards,

*Cameron + Garrett*
