# about us

We are both laid-back and compassionate individuals who enjoy the simple pleasures in life, like sports, cooking, traveling, home improvement, creative projects, and getting outdoors. We also enjoy taking our dog, Koko, out for walks and hikes during the weekdays and on the weekends. Yunling's compassionate and empathetic demeanor suits his career as a registered nurse, and he has extensive prior experience working with children and adolescents with behavioral and/or mental health issues. Zorina, meanwhile, has played many roles in her life, which has contributed to her open mind and adaptable nature. She is currently working in her dream position as a software engineer for a successful company. One of the most beneficial perks that both of our jobs offer is flexibility to work from home so we can spend the most time possible with our future child.

## OUR HOME + PETS

We have resided in northern Virginia for a year and half with our much loved dog, Koko. We live in a quiet, family-friendly community. One thing that drew us to the area was the vibrant and diverse nature of the people around us as well as beautiful nature all around. In just a few minutes, we have access to multiple parks, including a sprawling national forest and a stunning scenic boardwalk that provides wonderful views for a sunset walk.

## WHAT LED US TO ADOPTION

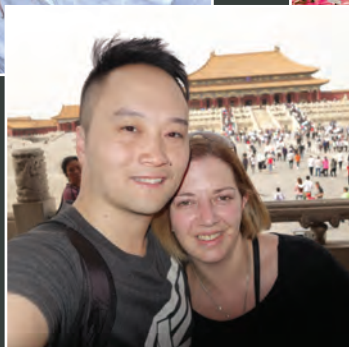

We are ecstatic and eager to grow our family through adoption. We have dreamed of becoming parents for a long time. Both of us come from very family-oriented backgrounds where children are loved, we would like the opportunity to experience this. We have so much love to pour onto a child. Not only will it be enriching and fulfilling for us but we believe with our caring demeanor and stable, consistent lifestyle, we are in the perfect position to provide a safe, loving, and nurturing environment for a child.

# OUR FAMILY

## *and traditions*

Our extended family consists of Yunling's parents and one brother who live just an hour away as well as aunts and uncles in several other states. Unfortunately, both of Zorina's parents have passed, but we have close relationships with her sister's family, nephew, aunts and uncles, and cousins, who all currently reside in Bulgaria.

As we mentioned previously, we have a close-knit relationship with all of our family members, and despite the physical distance between us in some cases, we have made a strong emphasis to spend time with our family members as much as possible. We have physical get-togethers with Yunling's parents and brother almost on a biweekly basis for talks, laughs, and delicious food. Holidays are especially important for us, such as Christmas, Thanksgiving, and Easter, and we always take this opportunity to get together with our extended family.

## EXPECTANT MOTHER

### Dear Expectant Mother,

We are writing to express our deep admiration for the selfless decision you are considering. We cannot begin to understand the emotions you may be feeling at this time, but we want you to know we are here to support you every step of the way.

We are a loving couple who have been eagerly waiting to grow our family through adoption. We understand this may be a difficult decision for you, but we want to assure you that we will provide a safe, nurturing, and loving home for your child. We have a stable and secure home with plenty of room to grow, learn, and play.

We promise to provide your child with every opportunity to grow and experience all the joys life has to offer. We will always be there for them to support them through the ups and downs of life. We will raise them to be kind, compassionate, and respectful individuals who will make a positive impact in the world. We are committed to maintaining an open and honest relationship with you, if that is your desire. We would love to share pictures, updates, and milestones with you throughout your child's life, and we would welcome the opportunity to meet you if you are comfortable with that.

Thank you for considering us as potential adoptive parents. We hope you will feel confident in our ability to provide a happy and loving home for your child. Please know we are here for you, whatever you may decide.

Sincerely,

Yunling & Zorina
