

NATHANIA *and* BRIAN

ABOUT US

We met in December 2014 on Tinder! We were still living in New Jersey at the time. After a week of talking on the phone, we finally met for dinner and haven't left each other since! In 2017 we decided to move to North Carolina. Brian's parents and his brother and sister-in-law had relocated down here, and we are so happy we made that decision. In 2020 we got married in a smaller ceremony than we had planned, but it was perfect. Brian works as a solutions delivery analyst for a pharmaceutical technology company, and Nathania is a talent acquisition manager for a marketing and financial solutions company. We love hanging out with our family, friends, and pets, trying new restaurants, and traveling.

OUR HOME & PETS

Our three-bedroom home is in a quiet, family-oriented neighborhood in a small town just outside of a major city. It was important to us to have access to museums and everything a city has to offer within driving distance. Within walking distance from our home is a beautiful 117-acre park with miles of walking trails, a 1,000-seat amphitheater, a kids play yard, and a community center. Throughout the year, this park holds various kid-friendly events. We are also within walking distance of our town's downtown area with many small businesses and restaurants as well as our local library. We also live with our two dogs, Kaylee and Tali, and two cats, Morris and Buddy.

WHAT LED US TO ADOPTION

We have always known we wanted to start a family. As soon as we were married, we started to try to grow our family. We tried for a little over a year, and then we started seeing fertility specialists. After many tests and visits, we were met with fertility issues. We've always loved the idea of adoption. Nathania's best friend has two adopted nieces we love so much!

OUR LIFE
together

GET TO KNOW

Nathania

Occupation: Talent acquisition manager

Holiday: Christmas

TV Show: *Dexter, First 48*

Subject in School: History

Book: *Harry Potter*

OUR FAMILY *and traditions*

We are very fortunate to have a loving and supportive family! Brian's brother and sister-in-law live in town with us and have two sons. We love having them close by and spending as much time as possible with them. Brian's parents are retired and live in-state, about two hours from us, so we get to see them often as well. Brian's sister, her husband, and our nephew live in New York.

Nathania's family lives in New York, New Jersey, and Puerto Rico. Her mom lives in New Jersey as well as her brother with his girlfriend and her two kids. We drive up to New Jersey often so the dogs can visit family along with us, and we also are an easy one-hour flight from them for quicker trips home. We also love visiting Nathania's family in Puerto Rico—beaches and family in one trip!

We love to travel with our family, but most of all, we love just being with them. Nathania also has a big portion of her extended family in New York City. We love just sitting around, eating, talking, laughing, listening to music, and enjoying each other. All of our family loves enjoying a good meal.

dear

EXPECTANT MOTHER

We know this cannot be an easy decision to make, but we want to assure you your baby will know so much love from us and our family and friends if you choose us! We are eternally grateful for your selflessness and courage for considering allowing us to be the lucky ones to love and raise your child.

We promise to always show love and grace as they grow. There is nothing we wouldn't do to ensure your baby has the best life. We will spend hours playing outside, going to museums and parks, traveling the country and world while meeting and learning from as many people as possible along the way, playing sports, doing arts and crafts—anything their hearts desire to explore! We will support any endeavors they decide to pursue. Our biggest goal is for your baby to believe in and love themselves and strive for whatever greatness they can imagine.

Thank you for taking the time to learn about us and for considering us as your baby's adoptive parents. There is nothing in this world we want more than to start a family and we hope to be your choice to give your baby a wonderful, love-filled life!

Warmest Regards,

Nathania and Brian
