## ABOUT US

We are energetic, hardworking, and fun to be around! We always find the positive! We love spending time with our family and friends as well as enjoying outdoor activities. Jonathan has been a professional land surveyor for 20 years and works outside most days. Megan works in a trade business and deals with the daily operations in the credit department. We both love what we do for a living, and our companies are very flexible with personal time. We have a boat we like to enjoy in the summer and trail rides in our ATV. We enjoy frisbee golfing, taking walks in parks, and participating in community events. We go to church every Sunday and do our best to live like good Christians for others to see as examples. We enjoy doing crafts together like woodworking and painting. We also really enjoy going to antique stores together.

## OUR HOME + PETS

We live in a beautiful home in a smaller community. It is in a nice subdivision on a half acre lot with a big garden. We are very close with our neighbors and always look out for each other. We have a bike path that leads to a few parks and a small pond where we can fish or enjoy nature. We watch the ducks and geese every day! We have one cat named Angel. We adopted her at 17, and she is 21 years old! We plan to get a dog one day. We have various parks, events, carnivals, and outdoor fun for families all year round that we attend. It is a wonderful community where everyone comes together to help each other. The schools are great.

## *what led us to adoption*

We have had infertility struggles for ten years with disappointments, surgery, pain, and heartaches. We have always stayed hopeful, remained positive through the trials, and never lost our faith. We will fulfill a purpose together that puts the child back in God's hands, which is a pure gift and his own creation. We trust he knows the best journey for us both. We will love our future baby with our whole hearts and make sure they are constantly surrounded by love, family, and faith.

**MEGAN**

## *our family + traditions*

We have two sisters and one brother. We have three nieces and four nephews. We are very close with both sides of our family. We live very close to one set of parents, and we are within a few hours' drive of the other. We have a Taco Tuesday tradition of getting together once a week. We do a lot of family events on weekends too, like swimming in the summers.

Jonathan's family has farm ground that we help farm every year as well as raise cattle. Farming is part of who we are. We do various traditions around the holidays with both sides of our families and love spending time with them all! Baking cookies, riding tractors, attending fireworks, celebrating birthdays, Easter egg hunts, flower planting, and holiday presents are just a few! We take extended family vacations with both sides of our family every few years.

DEAR

*expectant mother*

To A Loving Mother,

Do you know how loved you are? You are so loved and beyond beautiful for this loving and difficult decision you are facing. We understand there are so many emotions, feelings, trials, and what ifs, but we know what you are considering is one of the most selfless, courageous, loving things you could ever do in your life!

Your strength is admirable, and your soul is beautiful. God has guided you this far and will continue to show you the way. He is with you and working through it all if you trust and believe his ways are better than our own. You are the light the world needs to see as an example, and you were made for a time such as this. Your generous and loving heart is always seen and will be rewarded. You are so loved by us and especially loved by God.

We will continue to pray for you and your next journey. May you feel God's protection, wisdom, and strength throughout the days ahead and lean on him when you are in need. We believe your child will be beyond blessed, and we can't wait to encourage them, teach them, and be there for them every step of the way if you choose us.

Warmest Regards,

*Megan + Jonathan*
