about us

We are an energetic, hardworking couple that always finds the positive, and are fun to be around! Jonathan has been a professional land surveyor for 20 years. Megan works in a trade business and deals with the daily operations in the credit department. We both enjoy what we do for a living, and our companies are very flexible with personal time. One of us plan to be home full time soon with a bundle of joy.

We love spending time with our family and friends as well as enjoying outdoor activities, especially Ranger rides to watch the sunsets. In the summer we enjoy boat rides on our boat and trail rides in our ATV. Together we enjoy frisbee golfing, taking walks in parks, participating in community events and hobbies like woodworking and painting. Every Sunday we attend Church, and do our best to live good lives for others to see as examples. We also really enjoy going to antique stores and taking vacations.

OUR HOME + PET

We live in a beautiful home in a nice subdivision on a half-acre lot with a big garden. It is a small community where all the neighbors are close and always look out for each other. There is a bike path that leads to a few parks and a small pond where we can fish or enjoy nature. We watch and feed the ducks and geese every day! We have a new puppy named Mazie, that we adopted at nine weeks old. She is full of energy, enjoys walks and loves kids!. We have various parks, events, carnivals, and outdoor fun or concerts for families all year round that we attend. The schools are great and we love our neighbors.

WHAT LED US TO ADOPTION

We have had infertility struggles for ten years with disappointments, surgery, pain, and heartaches. Through the trials we have always stayed hopeful, remained positive, and never lost faith. Our dream is to become parents, and adoption would be such a beautiful blessing. Your baby would be loved with our whole hearts and we would make sure that they are constantly surrounded by love, family, and faith.

OUR LIFE

together

Jonathan

our families

AND TRADITIONS

Family is important to us, and we are very close to both sides. We have two sisters, one brother, three nieces and four nephews. We live very close to one set of parents, and are within a few hours' drive of the other. Jonathan's family has farm ground that we help farm every year as well as raise cattle. Farming is part of who we are.

Taco Tuesday is a tradition of getting together once a week. We do a lot of family events on weekends too, like swimming in the summers. Around the holidays there are many traditions we enjoy doing with both sides of our family. We love spending time with them baking cookies, riding tractors, attending fireworks, celebrating birthdays, Easter egg hunts, flower planting, and holiday presents are just a few! Every few years we take extended family vacations with both sides of our family

DEAR

*expectant
mother*

Do you know how loved you are? You are so loved and beyond beautiful for this loving and difficult decision you are facing. We understand there are so many emotions, feelings, trials, and what ifs, but we know what you are considering is one of the most selfless, courageous, loving things you could ever do in your life! You are so strong!

Your strength is admirable, and your soul is beautiful. God has guided you this far and will continue to show you the way. Your generous and loving heart is always seen, and we hope you know you are so loved by us. You will always be their mother; we just want to be on the journey with you.

We will continue to pray for you and your next journey. May you feel God's protection, wisdom, and strength throughout the days ahead and lean on him when you are in need. We believe your child will be beyond blessed, and we can't wait to love them, encourage them, teach them, and be there for them every step of the way if you choose us. Thank you for considering us!

WITH LOVE & ADMIRATION,

Megan and Jonathan
