

# NAOMI + ANGEL

COMPLETING OUR FAMILY

[www.lifelongadoptions.com](http://www.lifelongadoptions.com)

## OUR LIFESTYLE

We both grew up in Minnesota and met through work. We grew into very good friends throughout the first year. Once we started dating, we realized we shared many of the same family values and goals. We married in the spring of 2015 as we knew our lives had crossed for a reason. We are a determined, open, and honest family that is very laidback. We are driven in our careers and taking care of our family, including our two sons. Naomi is a pediatric home health nurse; Angel is a corporate trainer. Our interests include sports, traveling, watching football, camping, biking, and shopping. Family activities include going to our local lake, fishing, going on our jet ski or paddleboard, or just spending the day on the beach. Our hobbies include gardening, cooking, crafting, and building new things for our home. Everyday activities are reading bedtime stories, playing games, exercising, and enjoying all that the community offers.

## OUR HOME AND NEIGHBORHOOD

We have established our family in a six-bedroom, 5.5-bath home in a new community with multiple neighbors that have young children or are about to have children. Within our community, we are able to take advantage of the community pool, playgrounds, miles of trails, outdoor concerts in the park, and a community room that has multiple events for all ages throughout the year. Within biking distance, we are able to get to the local state park and lake to take advantage of many available activities, such as horseback riding, swimming, boating, paddleboarding, kayaking, jet skiing, and fishing. Our local school district is highly rated.

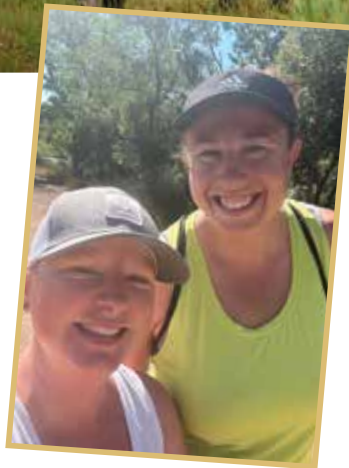

## OUR FAVORITE ADVENTURES

We have been very fortunate to take on many adventures and have experienced many new things together as a family. Among our adventures, we really have two that top our list that we are so excited to share. Throughout our many camping experiences, we find ourselves continuing to come back to one specific thing: our local national park. The beauty of the surroundings, the animal encounters, the surprise of what's next throughout most of the park...this is very alluring to our family.

Second would be our trips to Disneyland. This has been an experience that was truly unexpected—unexpected for the excitement to go back year after year and enjoy the experiences we have as a family. We have a specific hotel we really like and stay there during each visit. The surprise and sparkle it brings to our son's eyes is magical and gives us a lifetime of memories.

## MORE ABOUT ANGEL

Post Malone

**Movie:** *Bridesmaids*,  
*Twilight series*

**Holiday:** Christmas

**TV Show:** Soap Operas

**Subject in School:** Science

**Book:** *To Kill a Mockingbird*

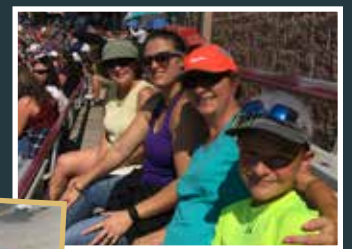

# OUR FAMILY AND FRIENDS

We have two aunts and two cousins in Colorado; the rest of the family is in Minnesota. Our family enjoys cards and outdoor activities, such as camping and fishing, and we love family gatherings, grilling, and hanging out together playing games or watching a game of football. Having everyone together to play a large game of pfeffer or spoons is always a great time.

We have really built our family and are continuing to grow and develop our own traditions, values, and morals. We have been building relationships with our neighbors and community. We have created and are continuing to create some of our own family. We are so lucky to have neighbors who are grandparents and have invited our little one over to spend time with them and their grandchildren.

## OUR LETTER TO YOU

Hello from beautiful Colorado!

We would like to thank you for reading our profile. We want to express our admiration for the strength you are demonstrating and express gratitude to you.

We are a blended, hardworking family. After establishing our family, we took a look at where we wanted to be and what we wanted to do for our family. With that, we made the exciting move from Minnesota to Colorado. With the life we have built, we would love to offer a home for your baby. We know this is one of the most difficult decisions to be made, and we recognize the sacrifices you have to endure. If we were to be chosen, we would be honored to be given the opportunity to be your baby's adoptive parents.

We are ready to embrace a child after a selfless woman, like yourself, has made the decision that is best for her. This child would not only be loved and given many opportunities but also have caring and thoughtful five- and 20-year-old siblings who are excited to welcome them home! We are looking forward to including this child in our camping trips, travel, and many exciting family activities that are to come! We are so grateful to you and truly respect you for making the best decision for you and your baby.

Thank you from our family!

***Angel & Naomi***
