

OUR JOURNEY TO ADOPTION

Naomi AND Angel

ABOUT US

We both grew up in Minnesota and met eight years ago through work. We grew into very good friends throughout the first year. Once we started dating, we realized we shared many of the same family values and goals. We married in the spring of 2015 as we knew our lives had crossed for a reason. We are a determined, open, and honest family that is very laidback. We are driven in our careers and taking care of our family, including our two sons. Naomi is a pediatric home health nurse; Angel is a corporate trainer. Our interests include sports, watching football, camping, biking, and shopping. Family activities include going to our local lake, fishing, going on our jet ski or paddleboard, or just spending the day on the beach. Our hobbies include gardening, cooking, crafting, and building new things for our home. Everyday activities are reading bedtime stories, playing games, exercising, and enjoying all the community offers.

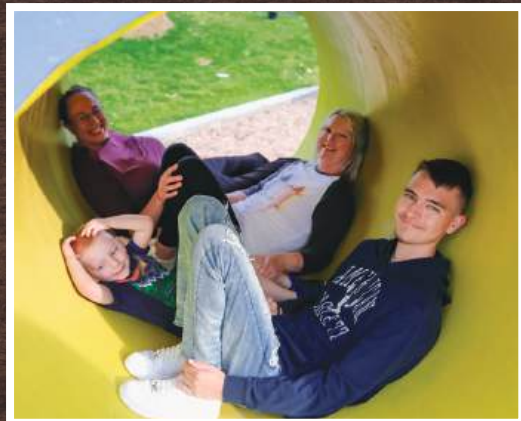

OUR HOME & PETS

We have established our family in a six-bedroom, 5.5-bath home in a new community with multiple neighbors that have young children or are about to have children. Within our community, we are able to take advantage of the community pool, playgrounds, miles of trails, outdoor concerts in the park, and a community room that has multiple events for all ages throughout the year. Within biking distance, we are able to get to the local state park to take advantage of many available activities, such as horseback riding, swimming, boating, paddleboarding, kayaking, jet skiing, and fishing. Our local school district is highly rated.

WHAT LED US TO ADOPTION

We have been discussing adoption for the past couple years, and we have really wanted to grow our family. We are excited to have this opportunity to be able to potentially give our four-year-old a sibling he can grow up with and another one our 18-year-old can be a role model for. We are also ready, willing, and able to share our stable and loving home with a child who will be embraced and loved for who they are and who they want to become.

DREAM VACATION: Australia

HOLIDAY: Christmas

TV SHOW: Friends,
The Big Bang Theory

SUBJECT IN SCHOOL: Gym

BOOK: The Monster at the
End of This Book

Our Village

We have two aunts and two cousins in Colorado; the rest of the biological family is in Minnesota. One side of our family is estranged due to not supporting our marriage. The other side of our family enjoys cards and outdoor activities, such as fishing. Having everyone together to play a large game of Pfeffer or spoons is always a great time.

We have really built our family and are continuing to grow and develop our own traditions, values, and morals. We have been building relationships with our neighbors and community. We have created and are continuing to create some of our own family. We are so lucky to have neighbors who are grandparents and have invited our little one over to spend time with them and their grandchildren.

dear

EXPECTANT MOTHER,

Hello from beautiful Colorado!

We would like to thank you for reading our profile. We want to express our admiration for the strength you are demonstrating and express gratitude to you.

We are a blended, hardworking family. After establishing our family, we took a look at where we wanted to be and what we wanted to do for our family. With that, we made the exciting move from Minnesota to Colorado. With the life we have built, we would love to offer a home for your baby. We know this is one of the most difficult decisions you have made, and we recognize the sacrifices you have to endure. We would be honored to be given the opportunity to be your baby's adoptive parents.

We are ready to embrace a child that a selfless woman, like yourself, has made the decision that is best for her. This child would not only be loved and given many opportunities but also have caring and thoughtful four- and 18-year-old siblings who are excited to welcome them home! We are looking forward to including this child in our camping trips, travel, and many exciting family activities that are to come! We are so grateful to you and truly respect you for making the best decision for you and your baby.

Thank you from our family!

Naomi and Angel
