GROWING OUR FAMILY

## ABOUT US

We're Juan Jose and Jose Luis. Juan Jose is from Venezuela, and Jose Luis is from Puerto Rico. We met online while Juan Jose was living in Lima, Peru, and Jose Luis was there on a business trip. Our love story began with a humorous incident where Jose overslept before our first date. We got married about a year and a half later. We value empathy, compassion, trustworthiness, responsibility, and fairness. We're fortunate to have a wonderful eight-year-old daughter named Peyton. Jose adopted her when she was a newborn, and Juan met her when she was three years old. We enjoy celebrating holidays and birthdays at home as well as spending evenings with friends. Juan is a Registered Nurse, and Jose is a Professor and a Nurse Practitioner. We love activities like going to the beach, hiking, practicing yoga, meditating, biking, and traveling. Juan prefers Hindu food, while Jose prefers Mexican food.

## OUR HOME & PETS

Our home is a four-bedroom, three-bathroom house located on a one-acre lot in a lovely, family-oriented neighborhood in Florida. It is located within a great, highly rated school district. The area is full of activities, such as hiking, theme parks, cinema, libraries, fairs, beaches, and restaurants. Zeus, Luna, and Obsidiana are three members of our fur family, along with Pepe, our cat. Our circle of friends is small, meaningful, and full of love, friendship, and joy. We share our experiences and learn from each other every day.

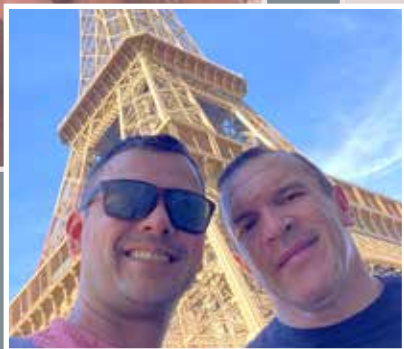

## OUR ADOPTION STORY

We always knew we wanted children. Since our marriage in 2020, we've been excited to welcome our little one to our family. Jose previously went through the adoption process for our eight-year-old daughter, Peyton. Now we're ready to do this together. Jose's adoption journey with Peyton has been incredibly positive, and we've created a nurturing and respectful home for her. We've given Peyton the time to grow into who she is, and now we are excited to add a sibling and provide our newborn with a loving environment. Peyton has been eagerly waiting to be a big sister, and we are thrilled to expand our family.

# OUR FAMILY *and traditions*

Our family is a vibrant tapestry of love, laughter, and togetherness. We are fortunate to have a tight-knit circle of family and friends who form the backbone of our support network.

Juan's parents and our siblings, cousins, and relatives are an integral part of our lives. Whether we are getting together for a weekend, celebrating birthdays with laughter and joy, or embarking on adventures together, our family traditions are infused with love and togetherness. One of our favorite traditions is our annual vacations, where we gather in different places each year and create cherished memories that last a lifetime.

Our family has also been blessed with strong bonds of friendship that feel like family. Our friends have been with us through thick and thin, sharing our joys and supporting us through life's challenges. As we eagerly anticipate the arrival of our new family member, we are filled with gratitude for the love and support of our extended family and friends. We look forward to creating new traditions and sharing our lives with our growing family, surrounded by the love and warmth of those we hold dear.

**EXPECTANT  
MOTHER**

To A Loving Mother,

As we sit down to write this letter, our hearts are filled with emotions that challenge our ability to summarize them in writing. We want you to know how much we admire your courage and strength in considering adoption for your baby. The decision you are facing is undoubtedly one of the most challenging you will ever make, and we want to assure you that we approach this process with the utmost respect and compassion. We are grateful for the opportunity to be considered as adoptive parents for your baby and promise to provide a loving and nurturing home filled with laughter, joy, and endless opportunities for growth and exploration.

We want you to know we are here for you every step of the way, offering our support, understanding, and unwavering commitment to your well-being. Your baby will always know about the love and sacrifice you made in choosing adoption, if you choose us, and will grow up knowing the incredible strength and love you brought to our family. We say it with a deep feeling since we live it with our daughter, and she continues to grow up with the truth of her origins.

As we embark on this journey together, we want you to know you will forever hold a special place in our hearts. Your selflessness and love for your baby are truly admirable, and we are honored to be considered as the adoptive parents for your precious child.

With heartfelt gratitude and respect,

*Juan and Jose*
