ABOUT US

Hi! We're Alex and Brooke. We've been married for 12 wonderful years and are the proud parents of three amazing daughters: Sadie (10), Hannah (7), and Emma (3). Family is the heart of our lives, and we love spending time together cooking, traveling, playing games, and enjoying movie nights. Alex owns a restaurant business and finds joy in mentoring young leaders and giving back to the community. Brooke is a stay-at-home mom who loves raising our daughters and volunteering at their school. Together, we create a loving, fun, and faith-filled home. We enjoy creating special memories—whether it's cooking together, exploring new places, or playing games. We met as teenagers and bonded over shared values and a love for helping others. Our relationship has only grown stronger over time, and we're excited to expand our family and share our love through adoption.

OUR HOME

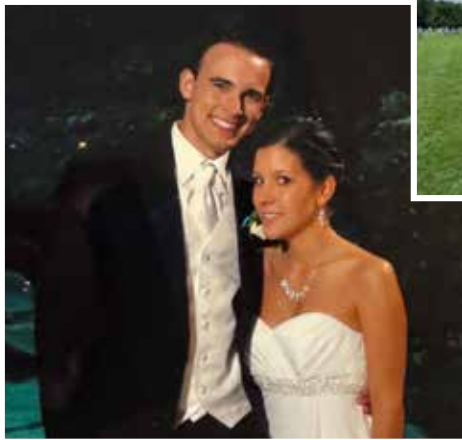

Our home is nestled on three acres of beautiful land in a welcoming neighborhood in Connecticut. With plenty of wildlife, open spaces, and a close-knit community, it's the perfect place to raise children. Many kids in the area often come over to play with our daughters, creating a lively and supportive environment. The neighborhood is filled with opportunities for families, from excellent schools to community events. We love living in a place that encourages connection and provides a safe, nurturing environment for our children.

WHAT LED US TO ADOPTION

Adoption has always been on our hearts. While we've been blessed with three beautiful daughters, we are unable to have any more biological children and feel strongly that adoption is the right step for us to grow our family. We are ready to provide a loving, stable, and nurturing home where a child can thrive and feel secure. We are excited to grow our family and are committed to loving all our children unconditionally.

our families AND TRADITIONS

Traditions are important to us because they bring us closer together and create meaningful memories. They reflect our values of love, faith, and connection, and they help foster a sense of belonging and continuity in our family.

Every summer, we gather with Alex's extended family—his parents, brother, sister-in-law, and their children—for a vacation filled with bonding and fun. At Christmas, we use an Advent calendar filled with acts of service for our community and special activities to celebrate as a family. We also take an annual family vacation to explore a new place together, creating unforgettable memories each year.

Our extended family is incredibly excited about our adoption journey. They are proud, happy, and eager to celebrate the arrival of a new member to the family.

dear expectant mother

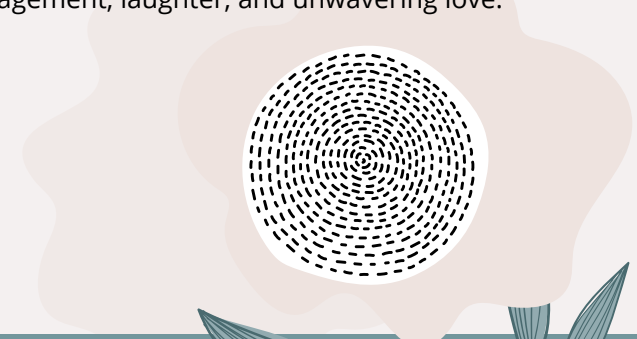

We want to begin by saying how much we admire your strength, courage, and love in considering adoption for your baby. We know this decision cannot be easy, and we are deeply grateful you are taking the time to learn about us. It's hard to imagine the emotions you are feeling, but please know we hold your bravery and selflessness in the highest regard. Adoption has always been on our hearts, and we feel this is the next step in our journey as a family. Our home is filled with love, laughter, and cherished traditions, and we are so excited to welcome another child into our lives.

As parents, our promise is to love your child unconditionally, just as we do our other children. Your baby will grow up in a safe, stable, and faith-filled home surrounded by family who will adore them. We believe in the importance of traditions that create a sense of love and belonging as well as experiences that inspire curiosity, compassion, and joy. Whether it's cooking meals together, exploring new places, or simply gathering for family movie nights, we strive to make every moment meaningful.

From the bottom of our hearts, we thank you for considering us. Your courage and love will always be honored and celebrated in our family. We are humbled by the possibility of being chosen to love and raise your child and are committed to providing a home filled with encouragement, laughter, and unwavering love.

With gratitude and love,

Alex, Brooke, Sadie, Hannah, and Emma
